RADICALS IN FRANCE SEEK OVERTHROW OF PREMIER

Big Anti-Herriot Offensive Launched By Opposition

FAVORS REPORT

Says Dawes Scheme Is Best Way Out In Ruhr Dispute

(Reuter's Service)

Paris, July 6.—The Opposition have launched a big anti-Herriot offensive. The extremists are demanding the immediate overthrow of the Government. The more moderate members of the Opposition are trying to prevent M. Herriot from going to London until he has reassured the public that French interests will not be sacrificed.

M. Herriot in the course of a speech at Troyes declared that the experts' report offered France the best chance of securing peace and payment. He deplored the efforts of the Opposition to distort and belittle the character of the Chequers meeting. He stated that the Government's method was to pursue what unites and not what divides.

(Reuter's Service)

Berlin, July 5.—Commenting on a Paris newspaper report that the German Foreign Minister had demanded prior or at least simultaneous evacuation of the Ruhr as compensation for obligations exceeding the Treaty of Versailles which it is proposed that Germany should undertake, Die Zeit, Herr Stresemann's organ, says that this demand has undoubtedly been made, and emphatically declares that without indispensable certainty with regard to the military evacuation of the Ruhr no final result can be attained at the London Conference.

(Reuter's Service)

Paris, July 5.—The Left organs assert that the Opposition has deliberately exploited and magnified the incident with regard to the invitations to the London Conference with a view to torpedoing the Conference and M. Herriot.

(Reuter's Service)

Paris, July 5.—The air has somewhat cleared as the result of the Marquess of Crewe's explanations, but, according to an official statement, divergencies between Britain and France still persist with regard to the scope of the London Conference.

M. Herriot, M. Barthou, the Chairman of the Reparations Commission, and General Nollet, the Minister of War, assembled at the Quai d'Orsay today and drafted tentative agenda for the London Conference, which will be circulated to the participants.

(Reuter's Service)

Rome, July 5.—The British Government's letter of invitation to Italy to attend the London Conference says that the main aim of the Conference will be to forge an instrument of accord formally pledging the contracting parties to the execution of some of the suggestions of the Dawes report, which would be signed by the Allies and Germany.

The instrument might be in the form of a protocol, as it is intended to avoid any appearance of a desire on the part of the Allies to modify the Treaty of Versailles. The British Government favors fixing in the protocol a date by which Germany should complete the legislation and other measures she would be required to adopt, and a later date, perhaps a fortnight after the first date, when all the economic and fiscal sanctions at present enforced on Germany, which interfere with the economic activities of the country, would be withdrawn.

The invitation proposes that the protocol should include a stipulation establishing, in the event of a flagrant failure on Germany's part, an authority that would decide with regard to non-execution of the Treaty.

Engagements into which Germany may enter according to the Dawes report would rank before

Mrs. Dollar Gives New American Flag To Baseball Club

The handsome new American flag that floated from the flagpole at the baseball grounds when the Gallopers lined up to play the All-Navy team on the Fourth of July was presented to the Baseball Club by Mrs. J. Harold Dollar, and was very gratefully received by the officials of the club and the players President McIntyre, of the Club wrote Mrs. Dollar a letter thanking her for her thoughtful and appropriate gift.

600,000 OUT IN BUILDING STRIKE, INQUIRY OPENS

Communists Want Government To Enter Building Business

(Reuter's Service)

London, July 5.—The building trade strike, involving 600,000 men, began today at noon.

The court of enquiry into the dispute began hearing the evidence for the employers and the operatives, the latter giving evidence under protest against the terms of reference.

The Communist Party has issued a manifesto congratulating the workers on their stand against the insolent and arrogant challenge of the building trades employers" and suggesting that the Government should take steps to carry on building houses for workers by direct labor and pay the increased wages demanded by the workers.

SINO-RUSSIAN PARLEY IS SET FOR JULY 16

Chang Chi-tang Now Working For Interior Portfolio

(Dah Tong News Bureau)

Peking, July 7.—The Bureau of Sino-Russian Affairs has telegraphed to Mukden, announcing the opening of the parley on July 16 and asking the authorities to send delegates to the conference.

The Peking Tramway Company, of which Chang Chi-tang is one of the biggest shareholders, has been handcapped on account of the heavy taxes imposed by the Municipal authorities. Chang is now actively campaigning for the formation of a Cabinet by Dr. W. W. Yen in which he will be appointed Minister of Interior who will have jurisdiction over the question of taxing the tramcars.

General Hu Ching-yih has asked for permission to march his troops back to Hankuokwan, because he does not wish to use his forces against Canton. Marshal Wu Pei-fu has sent Wu Wen-fu to influence him for a change of attitude.

Revolutionists Take Brazil City But Are Suppressed

(Reuter's American Service)

Buenos Ayres, July 6.—It is reported that the city of Sao Paulo in Brazil is in the hands of revolutionaries, who have occupied the Federal buildings after fighting. The Federal Government has declared a state of siege at Rio de Janeiro and Sao Paulo and have rushed warships and troops to suppress the revolt.

(Reuter's American Service)

Rio de Janeiro, July 6.—It is announced that the military rising at Sao Paulo has been suppressed and order has everywhere been restored.

German Recruit Leaders Jailed

(French Wireless through Reuter)

Paris, July 6.—The Dortmund courtmartial yesterday sentenced 20 Germans for clandestine recruiting for secret societies. Four were sentenced to ten years' imprisonment and the others to terms varying from one month to two years.

ULSTER AND FREE STATE MAY AGREE ON BOUNDARY

Aim At Settlement Before Commission Is Named

PLAN PARLEYS

Chairman To Make Trip For Study Of All Conditions

(Reuter's Service)

London, July 6.—In the course of a statement to the press with regard to Mr. MacDonald's references to the possibility of the two Irish Governments reaching an agreement before the Boundary Commission is constituted, Mr. Justice Feetham, the Chairman of the Commission, says that Mr. Cosgrave and Sir James Craig have agreed to his acting on those lines and giving him opportunities for informal discussion for the purpose of seeing whether an agreed settlement can be reached. They have also given him facilities to tour both sides of the border and study the economic and geographic conditions.

In the mean time Mr. Feetham appeals to the English and Irish public and press to abstain from controversial comment on the questions involved in Article 12 of the treaty.

MANY DEAD IN CHESAPEAKE BAY FOURTH TRAGEDY

Vessel, Laden With Holiday Makers, Burns To Water's Edge

(Reuter's American Service)

Baltimore, July 5.—A large number of people are missing as the result of an Independence Day tragedy, when the steamer Three Rivers caught fire at midnight. The vessel, which was returning here with 350 passengers who had been celebrating at Cove Point, Chesapeake Bay, was burned to the water's edge. Survivors declare that there was an indescribable panic owing to the difficulty of launching the lifeboats. Many passengers were asleep. They were awakened and donned lifebelts. Some were injured when breaking through windows to avoid the flames. Hundreds flung themselves into the sea. The loss of life was minimised owing to the prompt arrival of assistance. The number of casualties cannot yet be ascertained.

Yen To Explain Policy On July 11

(Reuter's Pacific Service)

Peking, July 7.—Dr. W. W. Yen is expected to explain his policy to parliament on July 11. Consequently no vote on Dr. Yen's nomination will be taken tomorrow.

(Reuter's Pacific Service)

Peking, July 6.—The President submitted Dr. W. W. Yen's name to Parliament yesterday evening as permanent Premier. Voting on Dr. Yen may be carried out on Tuesday but it will be necessary for Parliament first to hold informal discussions which may delay the official vote.

As far as can be ascertained, it is now unlikely that there will be any changes in the portfolios of Finance, Foreign Affairs, War, Navy and Communications.

Spain Grants General Amnesty

(Reuter's Service)

Madrid, July 7.—An amnesty for political and military offences has been issued. This means the restoration to the active list of General Berenguer, who was sentenced by court-martial to be placed on the retired list in connection with the Melilla disaster.

MacLAREN IN TOKIO; BROOME TO JOIN FLIER ON TRIP NORTH

British Aviator To Be Guest At Many Entertainments

MAKES 2 HOPS

Jumps From Kagoshima To Kushimoto, Then To Kasumigaura

(Reuter's Pacific Service)

Tokio, July 7.—Squadron-Leader MacLaren arrived at Kasumigaura at 2:49 this afternoon.

Squadron-Leader MacLaren was welcomed by enthusiastic crowds and by the Chief of the Kasumigaura Aviation Corps who will be his host this evening. Tomorrow the aviator is expected to arrive in Tokio where he will stay for two or three days during which he will be the guest at many entertainments. When he starts off for the North he will be accompanied by Colonel Broome who is awaiting him here.

(Reuter's Pacific Service)

Kushimoto, July 7.—Squadron-Leader MacLaren departed at 10.40 this morning.

(Reuter's Pacific Service)

Kagoshima, July 6.—Squadron-Leader MacLaren left Kagoshima this morning at 7 o'clock.

(Reuter's Pacific Service)

Tokio, July 6.—Squadron-Leader MacLaren has been forced to alight at Susami, 25 miles from Kushimoto, owing to lack of gasolene.

(Reuter's Pacific Service)

Tokio, July 6.—Squadron-Leader MacLaren arrived at Kushimoto at 5.08 this afternoon.

NAVAL MINISTER IN JAPAN URGES EXPANSION FUND

Says World Situation Demands Greater Naval And Air Forces

(Reuter's Pacific Service)

Tokio, July 7.—Subject to providing the necessary funds without unduly swelling the estimates, Admiral Takarabe, the Minister of the Navy, told the Diet today that the world situation demanded that Japan should further expand her naval air forces. He recommended the establishment of eleven squadrons, additional to those seventeen already embodied in the present program.

Waichiaopu Asks Tokio About Rail Pact With Mukden

(Reuter's Pacific Service)

Peking, July 7.—The Waichiaopu, at the request of the Chiaotungpu, recently sent a note to the Japanese Legation asking whether the report was true that Japan had reached an agreement with Manchuria for the construction of a railway from Taonanfu to Tsitsihar. The Japanese Legation has now replied entirely disavowing knowledge of the matter.

Tufei Causing Terror In Anhui

(Reuter's Pacific Service)

Peking, July 7.—Foreign telegrams report that upwards of 1,000 tufei are terrorising the central districts of Anhui. They killed the Chief of Police at Luchow. The Taoyin of Luhan is missing and yamen has been looted. The Taoyin of Wuhu has been sent to Luhan to take charge. The Tuli has sent troops to the scene from Pengpu and Anking. The reports state that the situation is assuming grave proportions.

This Is "Patches," Girl Friend Of Richard Loeb

GERMAINE KATHRYN REINHARD

Please meet "Patches," otherwise Germaine Kathryn Reinhard, friend of Richard Loeb, one of the confessed kidnapers and slayers of little Robert Franks. She told police that she did not know how the initials "G.K.R." appeared under the typewritten signature of "George Johnson" on the ransom letter which Jack Franks, Chicago millionaire, received.

VETERAN STATE DEPARTMENT MAN DEAD, IS MESSAGE

Mr. A. A. Adee Passes Away —General Cunningham Hears

The "best known and oldest member of the United States Department"—Mr. Alvey Augustus Adee—is dead, according to cabled word received here yesterday by United States Consul-General Edwin S. Cunningham. Word of Mr. Adee's death was received with sincere regret by Mr. Cunningham and will bring similar sentiment to all members of the American Consular and Diplomatic service and others who had grown to know and appreciate the Second Assistant Secretary of State, during his long association with the Department.

Ever since 1882, Mr. Adee has been in service with the Department, and during that time has figured in many important occasions. Mr. Adee was born at Astoria, New York, November 27, 1842. He was educated in private schools and received an honorary degree at Yale in 1888. His first diplomatic appointment of importance was that to the secretaryship of legation at Madrid on September 9, 1870. Since then he had been charge d'affairs at different times and was made Chief of the Diplomatic Bureau in 1878. He became third Assistant Secretary of State on July 18, 1882, and Second Assistant Secretary of State on August 3, 1886, which post he held until the time of his death.

Mr. Adee was present at the signing of the peace protocols between the United States and Spain and was appointed Secretary of State ad interim to fill the vacancy from September 17 to September 29, 1898. He was also acting Secretary of State during the critical period of Chinese troubles attendant upon the Boxer outbreak in August and September of 1900.

An unostentatious man, but one of the most reliable, is the way in which acquaintances here describe him, and one who will be most sincerely missed. If not on the point of age, Mr. Adee was in point of service probably the veteran of the State Department. He was unmarried.

DR. WANG LEAVES

(Reuter's Pacific Service)

Peking, July 4.—Dr. C. T. Wang left here for Tientsin this morning. Mr. Sun Hung-yi was received by President Tsao Kun on Wednesday last and will leave here for Tientsin shortly.

U. S. SUBMARINES ARRIVE HERE ON TRIP TO CHEFOO

Three Under-Water Boats Now In Port; Five More To Come Today

Three submarines attached to the United States Asiatic Fleet, arrived in port yesterday from Manila and five more are due to arrive here this morning. Those which came in yesterday were accompanied by the miner layer Finch, and the detachment due today will have with it the submarine tender Rainbow.

The eight submarines are to remain in port until July 17, when they will leave for Chefoo to join the remainder of the fleet which is now at its summer base there.

The U.S.S. Hulbert and the U.S.S. Pruitt, which have been in port here for some days past, left yesterday for Chefoo.

The spring visits of the ships of the American fleet to Shanghai have been unusually protracted this year, principally because of services which vessels of the squadron rendered to the United States army round-the-world airplanes.

For some time past there has been a steady stream of United States navy ships in and out of Shanghai, en route to Chefoo, Japan and Yangtsze ports. Many of the ships have made several visits here. At times there have been but a few hundred sailors and then there have been thousands in Shanghai.

When the entire fleet assembles at Chefoo there will be about 30 ships with crews of 5,000 men there.

UNIVERSITY CLUB TO HOLD DINNER DANCE FRIDAY

Social Will Be Held At Union Club At 8.30 O'clock

The American University Club will hold a dinner-dance at the Union Club, 38 Avenue Edward VII on Friday evening, beginning at 8:30 o'clock. Alumni of various universities are arranging to have individual tables for the function. The French Club orchestra will furnish the music.

Reservations may be made now with Mr. Robert Mahler, chairman of the entertainment committee at C. 2002.

VESSEL ASHORE

(Reuter's Pacific Service)

Hankow, July 6.—It is reported that the Indo-China S. N. Company's steamer, Kiangwo, is ashore up-river.

McADOO AGREES TO THE CONDITIONAL RELEASE OF ALL HIS DELEGATES

Smith's Managers Say Supporters "Have Never Been Under Obligations;" Efforts To Break Deadlock At Democratic Convention Fail; Postponement Rejected

(Reuter's American Service)

New York, July 6.—Mr. McAdoo has conditionally accepted the proposal to release all delegates.

(Reuter's American Service)

New York, July 6.—The condition on which Mr. McAdoo accepted the proposal to release the delegates is accompanied by a proviso with regard to the two-thirds majority rule and stipulates that the lowest man should be dropped on each succeeding ballot until a nomination is made and each delegate is entitled to cast prorata the vote of absent delegates. The representatives of the other candidates have rejected Mr. McAdoo's counter-proposal.

(Reuter's American Service)

New York, July 6.—Governor Smith's managers have announced that their supporters have never been under any obligations as regards their votes and could vote as they pleased. Mr. McAdoo's men have summoned their forces to rally, and reaffirmed their determination not to withdraw.

(Reuter's American Service)

New York, July 5.—The Democratic Convention today rejected measures advanced to relieve the deadlock, including proposals to adjourn and re-convene the Convention at Kansas City on July 21 and also to drop the lowest candidate after each ballot and to abrogate the two-third majority rule.

The 77th ballot resulted in Mr. McAdoo receiving 513 votes, Governor Smith 367 votes and Mr. Davis 76½ votes.

The Convention adjourned until Monday. A possible way out was indicated by a resolution adopted calling on Congressman Hull and Senator Walsh and the managers of the candidates to confer on Monday morning in order to try to break the deadlock.

(Reuter's American Service)

New York, July 5.—The deadlock at the Democratic Convention now overshadows all other events in America. The determination of the delegates is exemplified by Governor Brandon of Alabama who, when asked to join the movement to eliminate "favorite sons," shouted: "We will be here voting when they fill hogs in the fall if necessary." The Chairman, Senator Walsh, in attempting to restore order, banged off the heads of gavels, one of which struck the head of a New York delegate, who was taken to hospital with concussion.

The humorous side of the Convention is exemplified by the fact that one vote was cast for the well-known comedian, Mr. Will Rogers.

(Reuter's American Service)

Cleveland, July 5.—The conference for progressive political action has nominated Senator La Follette as a candidate for the Presidency and has adopted a platform by acclamation. The platform sympathises with the aspirations for freedom and independence of the Irish people. It favors public ownership of the railroads, restoration of the excess profits tax, lowering of excessive tariffs, creation of Government marketing corporations, abolition of injunctions in labor disputes and control of meat-packing. It also favors common international action to bring about the economic recovery of the world from the effects of the war. The platform does not mention the Ku Klux Klan or Prohibition.

(Reuter's American Service)

New York, July 7.—All the candidates at the Democratic Convention, except Mr. McAdoo, have approved the declaration that each is willing to release all delegates who had arranged to vote for him as completely as if his name was withdrawn from the Convention.

COSSACKS HOLD CONSULATE HERE, SAYS KARAKHAN

Soviet Envoy Charges Japanese And Americans Aid Czarist

(BY UNITED PRESS)

Peking, July 7.—Mr. Karakhan, the Soviet representative here, had a long conference today with Dr. Wellington Koo, the acting Premier, regarding the refusal of the Russian authorities in Shanghai to turn the Consulate over to the representatives of the Soviet, as called for by the new Sino-Russian agreement.

Mr. Karakhan charged that General Gleboff, the Czarist representative who is in charge of the Consulate at Shanghai, has thirty heavily armed Cossacks in the Consulate building, ready to repel any attempt of the Soviet's agents to take possession of the property.

He also charged that the American and Japanese Consul Generals in Shanghai were leading the opposition to the Soviets there.

(Eastern News Agency)

Peking, July 7.—Apropos of the announcement by M. Karakhan that the Japanese Consul-General in Shanghai had expressed his opposition to the transfer of the Russian Consulate there, Mr. Obta, Japanese Charge d'Affairs in Peking, said there could not be any reason why the Japanese Consul-General should take exception to the transfer, as the matter concerned only China and Soviet Russia and that it was unthinkable that the Japanese Consul-General in Shanghai should concern himself with the matter.

Coolidge's Son Operated Upon

(Reuter's American Service)

Washington, July 5.—There is a good deal of anxiety with regard to the condition of Mr. Calvin Coolidge, Jr., who is suffering from blood poisoning, supposedly as a result of a blister on his foot while he was playing tennis. A second conference of physicians was held this morning.

(Reuter's American Service)

Washington, July 5.—Mr. Calvin Coolidge, Jr., has been removed to hospital for an operation. The doctors are of the opinion that the poison is sufficiently localised to permit partial removal. They described the patient as making a brave fight.

(Reuter's American Service)

Washington, July 6.—President Coolidge's son was operated on last night. He is worse this morning. It was stated at the White House this evening that his condition is critical but not hopeless.

Japan Increases Duty On Luxuries

(Reuter's Pacific Service)

Tokio, July 7.—The import duties on luxuries are being raised all round to 100 percent ad valorem, according to a Bill introduced in the Diet, the purpose of which is an embargo on luxuries rather than protection of home industries. The list of dutiable articles includes tea and other beverages, liquors, precious stones, woolens, silks, knitted goods, wearing apparel, cameras, gramaphones, toys and toilet goods.

SCOUTS STRIKE IN P. I. BROKEN UP BY PROVOST GUARDS

Twenty-three Ring Leaders Arrested When Meeting Is Raided

(Reuter's Pacific Service)

Manila, July 7.—What is understood to be a widespread move among the Philippine Scouts to "strike" for more pay culminated on Sunday in the arrest of 23 ring leaders at Fort McKinley by the provost guard which raided a meeting. Further arrests are expected.

It is known that the leaders planned a demonstration on July 4 and threats are now made of a similar demonstration on August 2. It is also stated that the Scouts are forming a secret society with ramifications among 7,000 Filipino soldiers. The officers say that there is no objection to the scouts appealing through legal channels for an increase in pay, which is now 12 pesos a month as compared with 40 pesos for American soldiers.

(Reuter's Pacific Service)

Manila, July 7.—The white troops at Fort McKinley are one battalion of the 15th Infantry and one Anti-Aircraft Battalion. Manila has the 31st Infantry.

The Army says that the trouble is confined to the most ignorant of the men, who have apparently been inspired from outside.

The Naval Headquarters have issued a statement that no orders have been issued yet for movement of the Asiatic Fleet to Manila.

A statement by the Army says that the trouble is inspired by Bolshevik emissaries and that the movement is under control.

(Reuter's Pacific Service)

Manila, July 7.—Two battalions of the Philippine Scouts refused to work this morning at Fort McKinley.

(Reuter's Pacific Service)

Manila, July 7.—It now appears that Sunday's raid at Fort McKinley was made prematurely under a misapprehension by the Provost-Marshal there, the intention of the authorities having been to arrest a much larger number, some say more than 100.

The situation at Fort McKinley is understood to be less acute than that at Camp Stotsenburg, where the garrison is exclusively Filipino, with the exception of a handful of American officers, a medical detachment the staff, and others.

(Reuter's Pacific Service)

Manila, July 7.—It is now learned that more than 500 Scouts are implicated at Fort McKinley. The men are being held disarmed in barracks. The Army is disposed to let the ring-leaders off with prison terms though their action is unquestionably mutinous. It is generally believed that the local Legionarios del Trabajo, a semi-Bolshevik labor secret society, is responsible though it has no direct connection with Russia. There is no ground to suspect Japanese influence.

LINK MILLIONAIRE MURDERERS WITH OTHER CRIMES.

FREEMAN LOUIS TRACY & CHARLES REAM

Charles Ream, Chicago taxicab driver, who was kidnaped by two armed men on November 20, 1923, taken to the outskirts of Chicago and mutilated by a gland operation, has positively identified Richard A. Loeb, one of the kidnaper-slayers of Robert Franks, as one of his kidnapers, and has partially identified Nathan E. Leopold, Jr., the other slayer, as the other. At the same time, the police sought to link the sons of millionaire families with the slaying of Freeman Louis Tracy, University of Chicago student, who accepted a lift from two men in the night of November 25, 1923, and was shot to death and thrown from the speeding car.

Memorial Service For Soldiers Who Fought For Republic

(Reuter's Pacific Service)

Peking, July 3.—In celebration of the anniversary of the movement against General Chang Hsun, a memorial service will be held at Nanyuan in honor of the soldiers who lost their lives in fighting for the Republic, under the direction of General Feng Yu-hsiang. One of the chief features of the celebration will be manoeuvers by General Feng's men representing General Tuan Chi-jui's operations against the monarchist forces.

Koo Presides At Cabinet Session

(Reuter's Pacific Service)

Peking, July 4.—Dr. Wellington Koo attended the meeting of the Cabinet this morning thus taking up his duties of Taili Premier. The Minister of Finance, Mr. Wang Keh-ming, was also present for the first time since the friction arose between him and the late Premier Sun Pao-chi. The Waichiaopu was represented by the Vice-Minister, Mr. Shen Jui-lin.

The official report of the meeting says that it was resolved to appoint Mr. Kao Yu-lin chief of the dockyards at Taku. The proposal of the Waichiaopu for amendment of the regulations of the Foreign Relations Committee of the Ministry was approved.

According to unofficial reports, Mr. Wang Keh-ming made a report to the Cabinet regarding the financial situation generally and explained measures he intended to adopt to meet the arrears of salary due to the Peking Gendarmerie and the Metropolitan Police.

Dr. Koo mentioned his intention to send a circular telegram to the provinces and a notification to the Ministeries regarding his assumption of office as Taili Premier.

Revives Scheme To Send Textile Mission To East

(Reuter's Service)

London, July 5.—Speaking at a luncheon of the Manchester Chamber of Commerce today, at which Mr. Sydney Webb, President of the Board of Trade, was a guest, Sir Edwin Stockton, President of the Manchester Chamber of Commerce, revived the proposal to send a textile trade mission to the Far East. He said that, if Mr. Webb entered into the subject again, it would probably be found that the time had come when the suggestion would be acted upon.

Soldiers Fail In Attempted Robbery

(Reuter's Pacific Service)

Peking, July 4.—A daring robbery occurred on the Tientsin-Peking train at Fengtai yesterday afternoon. Colonel Ho, a Staff Officer serving under General Li Ming-kuei, was bringing money to Peking for his chief from Tsinanfu. Just as the train was leaving Fengtai two ex-soldiers, who had travelled on the same train from Tsinanfu, rushed into the Colonel's coupe, grabbed some bags containing $500. in silver and jumped off the train. The train was quickly stopped and the robbers were followed and captured by Colonel Ho and some police.

SIXTH CHARGE IS BROUGHT AGAINST NORMAN BOWLER

A sixth charge of securing goods under false pretenses was preferred against Norman W. Bowler when the adjourned hearing in the British Police Court before Magistrate G. W. King was resumed yesterday. The latest charge is that he secured a cigarette case, valued at $45, from Messrs. Boyes, Bassett and Co., 38 Nanking Road.

Testimony regarding this last charge was given by Mr. G. M. Boyes, who stated that Bowler was waited on by a Japanese salesman, selected the case in question, asked to have it packed for posting to England and then expressed a desire to sign a chit. He was referred to witness and asked for a credit until June 1, stating that he was employed by the Far Eastern Review, 16 Jinkee Road and signing a paper to this effect.

Mr. R. W. Squires, of Messrs. Squires, Bingham, also testified to Bowler's having received a pair of tennis shoes on June 11, signing a chit and appending the name of the Far Eastern Review. Further testimony was given by Detective Sergeant Tinkler, who said that after the warrant was issued he found that Bowler had been staying at the Navy Y. M. C. A. Later he searched the property at the Y. M. C. A. and found nine pawn tickets. One covered the camera obtained from A. S. Watson and Co., another the camera secured from the Young Photo Co. and a third the cigarette case secured from Messrs. Ullmann and Co.

Mr. T. C. Leach, a partner in the Taylor Garage, gave evidence to the effect that Bowler had been employed by them six or seven weeks soon after the previous British Court case against him. Accused left at the beginning of May, the reason being that so many shroffs were calling for him that they were afraid and told him that he would have to be discharged. Accused had been paid at the rate of $100 a month for about two hours' work a day.

After Mr. E. T. Maitland, Police Prosecutor, had intimated that the case for the prosecution was closed, Bowler asked an adjournment in order that he might prepare his defense. The case was accordingly adjourned until this morning at 10:30 o'clock.

French Radicals After The Premier

(Continued from Page 1)

those imposed on her by the Treaty of Versailles, and therefore the British Government are of opinion that the task of deciding the question of flagrant non-execution cannot be entrusted to the Reparations Commission, the functions of which are strictly determined by the Treaty. It is proposed that recourse should be had to the Financial Committee of the League of Nations.

The protocol would also include a clause providing that differences in regard to interpretation of this stipulation should be referred to the International Court of Justice.

The invitation emphasises that M. Herriot and Mr. Ramsay MacDonald have not entered into any engagement. It says that it is proposed that, as soon as the Conference has arrived at definite accord, Germany should be invited to meet the Allies in discussions, but not for the purpose of being confronted with a document in a final form to be accepted or rejected.

May Name Kao As Civil Governor

(Reuter's Pacific Service)

Tsingtao, July 2.—It is reported that Mr. Kao En-hung, the Governor of the Kiaochow Territory, is being considered as a successor to General Hsiung Ping-chi as Civil Governor of Shantung.

AIR SERVICE IN NORTH CHINA TO START ON JULY 11

Ten Passenger Vimy To Inaugurate Weekly Flights

(Reuter's Pacific Service)

Peking, July 3.—An air service between Peking, Tientsin and Peitaiho will be started on the 11th instant, when a 10-passenger Vimy will leave Nanyuan at 2 p.m. and will inaugurate a weekly service from Nanyuan every Friday, starting at 3 o'clock from Nanyuan, leaving Tientsin at 4 p.m. and arriving at Peitaiho shortly after six o'clock. Passengers will thus be able to have tea and swim after reaching Peitaiho. Refreshments will be supplied on board the aeroplane, which will also carry a gramophone.

On the return trip Peitaiho will be left at 8 a.m. on Mondays, arriving at Tientsin at 10 and Nanyuan at 11 a.m.

The single fare from Peking to Peitaiho is $45, from Tientsin to Peitaiho $25, and the round trips Peking-Peitaiho $80 and Tientsin-Peitaiho $60. Mr. Northridge, the well-known American pilot, will be in command of the flights, assisted by two thoroughly capable engineers.

Tickets may be purchased at the aerodrome at Peking and Tientsin before starting. The former is at Nanyuan and the latter near the Tientsin race course.

Comparison

It is obvious that where claims are made, comparison is inevitable. Comparison of the NEW Columbia Grafonola with ordinary gramophones has given it a place in music that no other gramophone has attained in so short a space of time. Comparison of the "NEW PROCESS" Records (without Scratch) with ordinary records reveals all the deficiencies of the latter.

To hear either one is to enjoy but one-half of a great achievement. To hear them in combination is to experience the sensation of a new experience. But to hear them in comparison with ordinary gramophones is to understand the enthusiasm of master musicians and music-lovers alike.

Sailors Stage Athletic Contests While In Tsingtao

(Reuter's Pacific Service)

Tsingtao, July 2.—The U. S. S. Blackhawk and the American destroyer flotilla left yesterday for Chefoo. The visit of the sailors was productive of some interesting athletic contests, baseball and basketball games predominating.

The sailors ruled supreme in basketball, but were forced to admit Tsingtao's supremacy on the diamond, winning but one of four contests with the Tsingtao Baseball Club, which recently beat the powerful South Manchurian Railway nine.

More than 6,000 spectators were on the field to see last week's tussle with the Manshus, when by a ninth inning rally Tsingtao emerged victorious by 8 to 6.

We learn that Mr. Shing Chu-shu, manager of the Shanghai offices of the Bank of Communications, is at present visiting Hankow for the purpose of mediating in the dispute between the two cliques of shareholders of the Hankow Electric Light and Waterworks Co.

• • •

A band of over 1,000 very ragged beggars arrived at the Tachimen station Hankow, on Tuesday afternoon by a train from Honan. The Chinese press states that these tatterdemalions are a portion of the recruits enlisted by General Liu Chuan-hou for his army in Szechuen.

• • •

Prosperity is returning to Harbin, says the correspondent of the Peking and Tientsin Times. "To let" signs are no longer seen. New American, British and German offices are opening in all lines of business, an English paper finds it possible to exist and even flourish, amusements of all kinds are heavily patronised, racing has taken on a new lease of life. Foreign visitors fill the hotels, and Siberian expresses bring through passengers every week. In the country the area of grain cultivation has increased enormously.

• • •

A telegram has been received in Hankow reporting flood throughout the province of Hunan. The recent rains have brought the Siang River up to such a flood height that the city is inundated and the island, which houses many homes of foreigners, is flooded.

• • •

The opening of Lungkaiho, in the vicinity of Kiukiang, to foreign trade has been sanctioned by the Government. Lungkaiho is situated between Kiukiang and the Lushan summer resort for foreigners from Hankow and other Yangtsze ports. As Lungkaiho is so close to Kiukiang, no separate Customs house will be established; but like all other self-opened ports in China, the police, sanitary and other public services will be administered solely by the Chinese.

• • •

A plan is afoot in the Civil Governor's office and the Szechuan Railway and Mine Bureau for the construction of a railway between Chengtu and Chungking, a distance of about 900 li. Capital is to be raised privately among the people of the province. A petition for approval has been forwarded to the effect that authority is given for the construction of the proposed section, prior to which, however, plans in detail must be submitted for endorsement.

• • •

The extraordinary story, apparently lifted from an American paper, of an 118-year-old father of 48 children about to marry a young woman of 23 at Juzi de Fora, Brazil, appears in the North China Star. The old gentleman's name is Vicente Henrique Ferreire and he is to wed Georgiana Lourdes da Silva, who as well as being pretty is fortunately, we read, "fond of children."

Low Condition Report On Cotton Stirs Speculation

(Reuter's American Service)

New York, June 5.—That a huge speculative long interest has been built up in anticipation of just such a low condition report as came from the Government on Monday was indicated by the action of the market almost immediately following the report's publication. The figures of 65.6, compared with a ten-year average of 72.8, attracted some new trade and commission house demand, but this buying was supplied by old bulls, who continued to press their cotton for sale in heavy volume during the balance of the day and have been large sellers on all steady market periods since Monday. Generally unfavorable weather for seven days out of the ten which have passed since the date of the Bureau report—May 25—seem to have made little impression on sentiment, which at the moment is strongly reactionary; more, perhaps, on outside conditions, than on crop considerations.

Recent buying in the primary cotton cloth market has not been to the liking of the trade, as it has been largely of a speculative nature and, it is felt, the goods may come back on the market when least expected. Consumers continue their policy of buying from hand to mouth. Retailers' stocks are generally reported as low, but wholesalers are sufficiently supplied with merchandise to fill almost any order from stock. The fact that mills also have stocks and that railroad service has improved to a great degree makes it unnecessary for the retailer to carry as much merchandise as formerly. Mill curtailment remains about stationary. Some plants have started up for a week or two in order to help their employes, and there are occasional instances where business has accumulated sufficiently to warrant restarting machinery. The trade looks for no improvement in the domestic consumption figures for May (due on June 14) over April, however. Complaints of textile dulness also come from Europe, but exports seem to keep going at a fair rate. During the past week Russia has booked several small cargoes of cotton for direct shipment. June sailings from South Atlantic and Gulf ports.

The decline in consumption appears to be offsetting in considerable measure the fear of a severe crop shortage. The threat of an end season famine grows less as the weeks go by; and until the mills can see their way clear to increase production and enter the raw cotton market on a broader scale, there is little interest in the exact amount of cotton which can be expected from this year's crop.

The new crop season is now generally considered to be from two to three weeks late. The severe rains of late last week greatly delayed any development of the Texas plant and in south Texas, where torrential rains fell, it is now believed that no July movement can materialise, while the August movement, also, will be much below expectations. Much cotton has been sold for late July and August shipment from Texas. Some reports state that, due to the rains, the plants in Texas are larger than last year, and this may offset the lateness and cool weather. Most advices, however, comment on the small size of the plant, while admitting it to be generally healthy and vigorous. The weevil is present everywhere, but thus far has done no damage.

Commenting on the old adage that a wet May meant a short crop, and a dry May a big crop, a prominent Southern spot firm declares that with the changes in the conditions and manner of farming and cultivation during the last twenty years, this maxim is liable to prove misleading. It says: "The crop had a late start. From East to West much replanting had to be resorted to because of the unseasonable cool weather. Meanwhile this also had its advantages: as the plant emerged it did so without being accompanied by weeds or grass. Thus the plant was given a chance to draw the natural nourishment of the soil to itself. In consequence, whereas we find in every locality the plant small and backward, nevertheless it is of rich green color, strong and in growing condition."

The Federal Government has appropriated $200,000 for fighting the boll weevil. A portion of this sum is for carrying on experiments in the manufacture and the patenting of processes of calcium arsenate, and securing the right to any individual or corporation to produce the poison without payment of royalty.

Cable advices reaching the New York market today state that the pink boll worm is doing great damage in the States of Northern Brazil, and have greatly reduced prospects of an increased cotton yield there.

EMPRESS OF ASIA HAS RECORD LIST OF PASSENGERS

Biggest Since War; British Flyer Among Those Departing

The Canadian Pacific liner Empress of Asia, when she left Shanghai for Vancouver Sunday morning, carried the heaviest passenger list of any steamer since the Great War, it is announced. No less than 154 passengers embarked at this port, while a heavy embarkation also occurred at Hongkong.

Among those boarding the ship here was Sergeant Andrews, mechanician of the British flying trio now engaged in circling the globe. It will be remembered that when the big Vickers plane arrived here Sergt. Andrews was suffering from sunstroke and had to be removed to hospital. He now hopes to overtake his comrades, Squadron Leader MacLaren and Flight Officer Plenderleith, before they hop off from Japan on the North Pacific flight. The plane, according to reports received here yesterday afternoon, reached Kasumigaura, near Tokio during the day. The leaders expect to remain in the Japanese capital several days and Sergt. Andrews figures on joining them there.

Among other passengers departing by the Asia were Mrs. H. S. Honigsberg and daughter and son. Peter Honigsberg, the latter going to America to enter college.

Big Opium Haul From Paint Barrels

(Reuter's Pacific Service)

Tsingtao, July 2.—One of the largest hauls of opium ever made in the city occurred yesterday, when $10,000 worth was found secreted in false containers placed in the center of paint barrels. The barrels were consigned to Tsingtao from Siangyang and had passed through the Hankow, Kiukiang, Nanking, Shanghai and local Customs. The barrels were burned by the police.

Paris Gaily Decorated In Honor Of Opening Of Olympic Athletic Games

White Clad Contestants, Representing 44 Countries, March Around Arena, With South African Contingent Leading; French President Opens Meet

(*Reuter's Service*)

Paris, July 5.—The city is bedecked in honor of the brilliant ceremonial opening of the Olympic Games. Packed stands at the Stadium applauded the arrival of President Doumergue. The Prince of Wales was enthusiastically cheered.

A procession of white-clad athletes, representing 44 countries headed by South Africa, marched round the arena. Each nation's flag was dipped as it passed the Presidential tribune. The athletes finally formed up in the bright green center of the Stadium, presenting a manificent picture of youth and fitness against the blue and gold Stadium color scheme.

The Americans' mighty quota received a tumultuous welcome from their compatriots, and the splendid British contingent, headed by Cameron pipers and followed by a bevy of English girl competitors, were given a rousing reception.

The assembly was thrilled by the sudden appearance of a flying-boat flying over the Presidential stand at a height of 500 feet with a cinema operator daringly leaning out. Then in sudden silence President Doumergue rose and solemnly proclaimed the Games open.

(*Reuter's Service*)

Paris, July 6.—At the Olympic Games today Ritola (Finland) won the 10,000 metres in the world's record time of 30 mins. 23-1-5 seconds.

Wide (Sweden), who was second, was 300 metres behind Ritola, while Borg (Finland) was third.

The Throwing the Javelin final was won by J. Myrra (Finland) with a distance of 62 metres 95 centimetres.

In the polo competition Argentina beat the United States by 6 goals to 5.

Note.—The previous record for the 10,000 metres was held by Bouin (France) with 30 mins. 58-8-10 secs.

The Javelin Throw at the last Olympic Games was won by J. Myrra with a throw of 65 M. 79.

BOROTRA, FRENCH PLAYER, WINS IN TENNIS SINGLES

Gains Final Victory At Wimbledon By Beating La Coste

(*Reuter's Service*)

Wimbledon, July 5.—Borotra beat Lacoste 6-3, 1-6, 6-1, 3-6, 6-4 in the final of the Singles.

Borotra was very speedy in following his service to the net. He cut up his opponent's returns in a spectacular manner. Lacoste countered with effective lobs. Borotra appeared to be tiring in the third set and occasionally his volleys found the net. In the fourth the 19-year old Lacoste fought gallantly against his more experienced compatriot and drew level. The fifth set provided a very dour struggle. Lacoste was leading 2-1, 3-2 and 4-3. Then Borotra equalised and won the next two games, smashing and volleying superbly. There was very great enthusiasm at the finish.

Miss Wills and Mrs. Wightman beat Miss McKane and Mrs. Covell 6-4, 6-4 in the final of the Ladies' Doubles.

The weather was fine and cool after the morning showers. The stands were packed. Miss Wills was the outstanding player. The British pair, however, in spite of Mrs. Covell's frequent double-faulting, led 3-1 and 4-2. The Americans were the harder-hitting pair and won 6-4. The losers were better in the second set and brought the games with their service to 4-4, but failed at the critical moment, the Americans winning 6-4. The play generally was unworthy of a final.

In the Mixed Doubles final, Gilbert and Miss McKane beat Godfree and Mrs. Shepherd-Barron, 6-3, 3-6, 6-3.

Gilbert and Miss McKane made use of fine tactics in keeping the game out of the hands of Godfree and consequently Mrs. Shepherd-Barron took the brunt of the attack and was overwhelmed in spite of a game response.

The finalists in the Doubles were both American pairs. Hunter and Richards beat Williams and Washburn 6-3, 3-6, 8-10, 8-6, 6-3.

Washburn was weak in the opening set, but after that his backhand volleying was the best feature of the game. The most exciting interlude was in the fourth set. Washburn and Williams were severely punishing their opponent's short lobs and the couple had their own service game to win for the Championship, but at the crucial point Williams served a double fault, after which he failed to recover his form.

Manshus Winners In Final Of Six Game Series Here

The sixth and last game of the Shanghai—Manshu series was played on Sunday, the Japanese winning in the tenth inning, 3 to 2. The game was featured by two home runs, one by Oige, of the visitors, and the other by Maloney. In the extra inning Masuda, the Manshu center fielder, drew a walk and stole second, scoring a minute later on a single. The Shanghai men were unable to do anything in their half. The box score:

Shanghai	AB	R	H	PO	A	E
Bullard, ss	3	0	1	6	5	1

HAWAII MAN IS GUEST AT TIFFIN OF "Y" CLUB HERE

Mr. K. C. Leebrick Tells Of Coming Pan-Pacific Conference

Dr. K. C. Leebrick, Professor of History and Political Science, University of Hawaii, was the guest of the "Y.'s" Men's Club of Shanghai at their weekly luncheon yesterday at the Y. M. C. A.

In welcoming their guest, Mr. Wm. Yinson Lee, president of the Y.'s Men's Club, stated that Dr. Leebrick was making a tour of the Orient in connection with the Pan-Pacific Y. M. C. A. Conference to be held in Honolulu in July 1925, and as one of the objects of the conference will be the promotion of better international feeling and understanding between Pacific countries, the Y.'s Men's Club of Shanghai, with similar purposes of a local character, should be interested hearing details of the projected Conference.

Dr. Leebrick, in reply, outlined the proposed activities of the conference which will be held at Honolulu. That place was chosen, not merely because the idea originated there, but because after consultation with leaders of many countries it was felt that Honolulu was peculiarly adapted to be a common meeting place. Not only is it geographically the cross-roads of the Pacific, but in Hawaii the various peoples from the Occident and Orient meet and mingle in a prevailing spirit of tolerance and genuine good will. Representatives of the best thought of all the countries concerned will carefully consider and frankly discuss questions which underlie and largely determine the spirit and quality, as well as the extent, of inter-racial goodwill and international cooperation among peoples whose countries border on the Pacific Ocean. The attendance of men will be secured who can make real contributions in social, economic, political, educational and religious fields, and in arranging the program, to carry out the purposes of the Conference.

Mr. C. G. Hoh, General Secretary of the Chinese Y. M. C. A. was also present as a guest of the Club.

Int'l Gun Club Cups Are Won By Golding—Berdoulet

The International Gun Club's competitions for the two Cups donated by Mr. Parkin took place on Sunday last, and Messrs. G. Golding and J. Berdoulet were the winners.

The conditions were 15 birds each Cup without handicap. Legget Trap. Results follow:

Beauty Risks Her Life to Rescue Man,

MISS LEOMA DAVIS.

Miss Leoma Davis, of Washington, a prize winning beauty, dived, fully clad, into the Chesapeake and Ohio Canal and erscued George W. Cave, prominent insurance man, after he had gone down the second time. In his struggles Cave almost pulled Miss Davis under, and she was obliged to beat him into unconsciousness before she could pull him from the water. Then she had to spend 20 minutes giving first aid to restore him.

The Buck Is Passed By Quartette In Bogus Note Action

Possession of 80 forged $5 notes of the Bank of China was charged to four Chinese who appeared before Assessor Martin and Magistrate Loh at the Mixed Court yesterday.

The case was prosecuted by Detective Chief Inspector Cruickshank, who stated that the notes were found in possession of the first accused. The first accused said that he got the bogus bills from the second accused. The second said he got them from the third. The third said that he had received them from the fourth. The fourth declared that he knew nothing whatever about the defective currency.

The case was remanded until Wednesday, bail being refused.

Fast Shipment Of European Mail Made By Canadian Pacific

Twenty-Seven Days Between Cherbourg And Shanghai

A remarkably fast shipment of mail from Europe was brought to Shanghai by the Canadian Pacific liner Empress of Canada, which arrived here July 4.

The Canada brought mails which were taken out of Cherbourg and Southampton by the same line's Atlantic steamer Empress of France on June 7. The trip to this port thus took in all only 27 days.

Two More Daylight Armed Robberies Reported Yesterday

Two more cases of daylight armed robberies were reported to the police yesterday, no casualties occurring and the thieves getting away with about $1,000 worth of property.

The first hold-up is reported to have occurred at 891-a Burkill Road shortly before 10 a.m. It was stated that three men, all armed with pistols, entered the place, terrorised the inmates and secured money and property to the value of about $100. The second offense is reported to have occurred at 464 Taku Road at about 10:30 a.m., four men armed with knives being involved. They gagged a woman in the house and got away with $500 worth of property, according to the report.

There is no Satisfactory Substitute for Keds!

Keds are the standard by which all canvas rubber-soled shoes are judged. They make you proud of their appearance as well as enthusiastic about their comfort and wear.

Keds, of course, vary in price according to type. But no matter what kind of Keds you buy, every pair gives you the highest possible value at the price.

They're good-looking shoes, Keds. There's a cut and style to them that give your feet that trim look—yet, they're tough, springy and long wearing.

Your feet couldn't be cooler or more comfortable unless you wore sandals!

Remember—while there are other shoes that may at first glance look like Keds, no other shoes can give you Keds value. Keds are made only by the United States Rubber Company. If the name KEDS isn't on the shoes, they aren't real Keds.

United States Rubber Export Co. Ltd.

17 Jinkee Road Shanghai

Arts—Sciences College At Soochow "U" Hold Nineteenth Graduation

The nineteenth commencement of the College of Arts and Sciences of Soochow University culminated with the graduation of a class of 14 Friday morning, June 27. Commencement week began Sunday June 22, when the Baccalaureate sermon was preached by Rev. John Wesley, Shen, of Nanking Theological Seminary. The College of Arts and Sciences shared this service with Middle School No. 1 and Laura Haygood Normal School.

Thursday morning 72 were graduated from the Middle School, 16 each from the Junior and Senior departments. On this occasion a very interesting address was delivered by Dr. Kiang, President of Southern University, Shanghai.

Wednesday evening the Class Day exercises were held in the College chapel. Thursday evening in the gymnasium the senior class, with the assistance of the Dramatic Club, gave a most creditable rendering of a Chinese adaptation of "Lady Windermere's Fan." Having witnessed a performance of the same play by the Shanghai Stage Society a few nights ago, your correspondent was confirmed in his impression of the remarkable feat of the college boys. Scarcely more than two weeks' time was given to the preparation, in the midst of reviews, final examinations and all the other distractions of their approaching graduation. Neglecting the superior costumes and other accessories of the Shanghai Society and the advantage of having female parts taken by women, the performance of the college boys did not suffer by comparison. In fact one is constantly amazed at the dramatic ability of Chinese students. The curtain raiser for the Commencement performance, a one-act comedy, was written about 24 hours before it was performed, yet no word or gesture was out of harmony with the situation!

The graduation exercises were held under the plane trees in front of Allen Hall. The platform was backed by the Chinese and American flags, on either side of the University banner, above which rose the granite shaft of the monument erected in 1913 by the students in memory of Dr. D. I. Anderson, the first president.

The speaker of the day was Mr. T. M. Fan, editor of "Association Progress," and his theme was "The Contribution of China's Ancient Culture to the New Education." One of the foremost leaders of the movement to bring the written and spoken languages together and thus create a flexible and adequate medium for the new thought, Mr. Fan was heard with great interest as he urged Young China to set the right value upon the heritage from the past. The old culture must rather be the stock upon which all contributions from abroad must be grafted.

An interesting part of the program was the conferring of the degree of L. L. D. upon Hon. Wang Chung Hui. Dr. Wang had signified his acceptance of the honorary degree by cable from Paris. Dr. D. S. Chen of the Law School Faculty, summarised the public services of Dr. Wang, culminating in his membership in the World Court.

The completion of the Science Hall (to be formally opened Oct. 11) calls for the shifting of the laboratories this summer, removal of the administrative offices to Allen Hall, the enlargement of the Library, etc. Extensive repairs are also in progress. The Faculty has decided to take in a freshman class of 100. Plans are being laid for the removal of the Middle School to a new plant within the next five years, so as to release the present campus for College work exclusively.

A gift of Mex. $63,000.00 from the China Medical Board ensures the adequate equipment of the Science Hall and the full manning of the departments of Biology, Chemistry and Physics. The full program, to be realised during the coming year, calls for three full time Americans or American trained Chinese each in Biology and Chemistry and two in Physics, in addition to the necessary laboratory assistants. Strengthening the Department of education is another of the plans necessary to the realisation of the two leading aims of the Science departments of Soochow, viz. premedical education and the training of Middle School teachers of Science.

Cunningham Thanks Andersen, Meyer Co. For Fourth Display

United States Consul-General Edwin S. Cunningham yesterday sent a letter to Messrs. Anderson, Meyer and Company expressing his gratitude for the help rendered by the company in connection with the American celebration of Independence Day.

"Again I am indebted to you for your contribution to the Fourth of July in the form of illumination on the flagstaff and grounds of the consulate-general," Mr. Cunningham wrote. "The illumination this year was superior to any previous year and I desire you to know that I appreciate greatly your contribution to the success of the celebration."

Navy 'Y' To Give Last Dance For Gobs

American sailors will enjoy the last dance of the season to be given by the Navy "Y" on Wednesday night of this week beginning at half past eight.

The Navy "Y" hopes to make this dance the best of the series. Special features have been arranged. A jazz orchestra of eight pieces will play. The "Y" hall will be "dressed" beautifully for the occasion and many electric fans will make the room cool for the dancers.

Ships participating are the U. S. Ships Ashville, Elcano, Finch, Rainbow and eight submarines. Ladies will attend on invitation from the Navy Y. M. C. A.

These popular sailors' dances will be resumed when the fleet returns in September.

Speeding Chauffeur Who Ran Down Child Is Given Prison Term

One month's imprisonment was the penalty imposed by Assessor Bucknell and Magistrate Li of the Mixed Court yesterday in the case of a Chinese chauffeur who ran down a child on Range Road Sunday evening. Two witnesses testified that the accused was driving on the wrong side of the road at a high rate of speed—one of them said 40 miles an hour—when the child was hit, near the corner of Honan Road. One of the witnesses further testified that the driver made no attempt to stop after the accident, until he, witness, shouted after him.

Got a Cold

INSTEAD of going around coughing, sneezing, and spreading colds and influenza amongst your friends, how much safer for you to take Peps and end the mischief. Peps are genuine infection-killing tablets,—a remedy that you really breathe.

When dissolved on the tongue, Peps give off powerful healing and germicidal fumes. These speedily clear the throat, and breathing system of mischievous germs, allay inflammatory action, strengthen weak tissues, and soon banish the worst cough, cold or chill.

Their marvellous chest-strengthening properties make Peps a boon to all sufferers from bronchitis, asthma, etc.

TAKE "THE REMEDY YOU BREATHE"

PEPS

PEPS are obtainable in sealed glass "bullet" of medicine dealers and dispensaries everywhere. Full directions enclosed.

Our Scottish Letter

The General Assemblies; Levee At Holyrood; James Brown, M.P., Lord High Commissioner; Educational Exhibition In Glasgow; Kelvingrove Byelection; Golf

(From Our Own Correspondent)

Glasgow, May 26.—The General Assemblies of the Church of Scotland, the United Free Church of Scotland and the Free Church of Scotland were opened this week in Edinburgh. In view of the appointment of Mr. James Brown, M. P. Labor Member for South Ayrshire, as the King's Representative to the Church of Scotland Assembly, and the departure from a custom which has prevailed for nearly 250 years, there was much more interest than usual in the day's proceedings.

The day was recognised as a business holiday in Edinburgh and large numbers of citizens lined the route when the Lord High Commissioner drove from Holyrood—his official residence during the assemblies—to the Assembly Hall.

In his address to the assembly the Lord High Commissioner referred to the many problems of the present time which await solution and urged that the Church had an important part to fill in moulding opinion and guiding it in the right direction. His Grace also touched upon the question of Church Union in Scotland and said it would be a calamity if the efforts now being made to achieve this were to fail.

The Rev. Dr. David Cathels, Hawick, was appointed Moderator of the Church of Scotland Assembly; the Rev. Dr. Alexander S. Inch, Dumbarton was appointed Moderator of the United Free Church Assembly and in the General Assembly of the Church of Scotland the Rev. Kenneth Cameron, Stornoway was elected Moderator.

LEVEE AT HOLYROOD

The Lord High Commissioner held a levee prior to opening the Assembly and from the first it was evident that on this occasion something special was in the air—Scotland was "taking notice". The levee was the largest of recent years. The Municipal dignitaries were there almost to a man; the clergy—who have culpably slacked in some recent years in waiting on the King's representative—turned out in imposing numbers.

It was unfortunate that on such an occasion the weather should break and rob the attendant pageantry of much of its splendor. The skies were leaden and a drizzle of rain continued throughout the early forenoon. A steady stream of vehicles brought the guests to the Palace, the forecourt of which presented a scene of animation as the guests in their rich uniforms and elaborate robes arrived.

Assembled in the square were the mounted escort provided by the 7th Queen's Own Hussars and a Guard of Honor furnished by the 1st Battalion King's Own Scottish Borderers (City of Edinburgh Regiment). A fanfare sounded within the Palace, followed by the playing of the National Anthem, announced the entry of the Lord High Commissioner to the Throne Room.

Mr. Brown, who carried his Deputy Lieutenant's Uniform with distinction, on the left breast of which he wore the Order of the British Empire, was not accompanied by Mrs. Brown. He took up his position on the dais on which the throne stands and there received the guests—dignitaries of Church and State, members of the nobility, military and Naval Officers—all present to swear their loyalty to the King through his representative.

A GOOD APPOINTMENT

When Mr. Ramsay Macdonald appointed Mr. James Brown, M. P. for South Ayrshire as King's representative to the General Assembly, one felt instinctively that he had done well.

For a century and a quarter Scotland has been repeating with conviction the fine assurance of Burns that "a man's a man for a' that", yet a democratic church allied with the State has hitherto regarded it as no infraction of its principles that the King should appoint his representative from among the ranks of the nobility.

Throughout the ceremonies of this week Mr. and Mrs. Brown have displayed the quiet dignity that becomes their high office together with the simplicity that is native to them.

When the Lord High Commissioner proceeded to address the Assembly one recalled that it was getting on for 300 years since this had last been done by a Commoner-Commissioner, Sir Thomas Hope, first Baronet of Craighall and Pinkie. A broadcasing microphone (shades of Knox) was in front of him carrying his speech to thousands of listeners throughout the country. It is not surprising that the address introduced a note of religious fervency and urgency into what has not infrequently in the past been more than a formal utterance for Mr. Brown was not paying his first visit to the Assembly—he is a devout son of the Church of Scotland, familiar with its difficulties as member and elder, acutely aware of the problems with which all Christian Churches are confronted and profoundly conscious of the part that religion must play in the edification and education of the Commonwealth; And so he spoke out of the fulness of an informed mind and quickened heart.

EDUCATIONAL EXHIBITION

In the beginning of the week Mr. William Adamson, M. P. Secretary for Scotland, opened what must be considered a novelty in exhibitions. It has for its object a demonstration to the public of the comprehensive and valuable work accomplished in Glasgow's Schools today. So far as I know, it is the first of its kind to be promoted on a large scale in any part of the United Kingdom, and from the impressions I managed to bring away I can truthfully say that the Kelvin Hall has not before housed an exhibition of such engrossing interest.

My difficulty is to find space in a column, never mind a paragraph, to indicate the aim and objects of modern education together with a description of the methods which are being employed to achieve them.

Glasgow has about 200 schools under its control and these accommodate 200,000 children. In other words the Education Authority of the city has under its care practically one-fourth of the schools population of Scotland.

To organise an exhibition which affords opportunity for all representatives of all school work to take part is no small task and the Education Authority in conjunction with Glasgow Corporation are to be congratulated on the results of their efforts.

Education nowadays is a term with no restricted meaning—it means nothing less than the welfare of the children. It is a social service which recognises that the abnormal must not be asked to keep pace with the normal in the race of life. Nothing is more striking in this exhibition than the exhibits displayed of the handicrafts of the physically defective and mentally defective children.

Nowadays an Education Authority is also a medical board and to illustrate this important side of modern education a model hospital ward is shown. The Authority has a clinic for the treatment of tonsils and adenoids, together with refractory, ear, X-ray and skin clinics. The scope of the work is exemplified in the fact that the Authority in the course of a year medically inspects 33,000 children and that there are 25,000 re-examinations of children found to be suffering from disease and defects. An exhibit which illustrates the value of early treatment for defects is the remedial gymnastic clinic.

NURSERY CENTER

The school life under the Authority ranges, strictly speaking, from the ages of 5 to 18 years, but there is a still earlier period, the nursery center. The development of the classes for "toddlers" is the direct outcome of stern necessity in an industrial community such as Glasgow. The Nursery Center exists to care for the children of mothers who are obliged to work outside their homes. Its functions are demonstrated alongside what may be called a contrast exhibit. The latter represents the old-fashioned classroom in which infants were taught and the modern class-rooms provided for pupils of tender years. The contrast in school furnishings strikingly suggests the revolution in ideas which has taken place in the teaching of the young. The austerity of the old classroom has vanished. The low and cramped desk-forms have given place to light furniture which permits each child to be master of its own desk.

From the toddlers' playroom through the three stages of the elementary school—infant, junior and senior—to the realms of higher grade education, the exhibition is thoroughly representative.

When I mention that daily an army of about 2000 children take part in the exhibition—dancing, drilling, singing, drawing, joinering, cobbling, rug-making, cooking and a thousand and one other occupations—it will be seen that it is not a thing of still life—but a living picture of the modern methods of training the child.

KELVINGROVE BY-ELECTION

Throughout the week keen interest has been taken in the political battle being waged in the Kelvingrove Division of Glasgow. From the start it was obvious that the decision would be one of importance not only to Glasgow but to Scotland generally. It was a fight of Conservatism against Socialist-Communism (the Liberal Candidate never counting), which was, if anything intensified towards the end of the week by the outspoken comments of Lady Astor who came North to assist Capt. Elliot. The lady who speaks in a most racy manner has methods of her own for dealing with rowdyism, and on several occasions she scored heavily. The result which was announced this afternoon must be gratifying to Capt. Elliot who returns to Parliament, where he is well esteemed; and just a trifle disconcerting to Mr. Asquith whose nominee had the misfortune to forfeit his £150—he polled only one thousand odd votes in a constituency of over 30,000. While this is not a true indication of the state of political parties in the district, it is, nevertheless, an example of the sort of compromise which will have to be effected if Glasgow is to cease to have the unenviable name of the Scottish home of Bolshevism.

INTERNATIONAL GOLF

Scotland has not fared well during the week as far as International golf goes. In the Ladies International staged at Portrush a week ago the honors were captured by the English Ladies—Ireland was second and Scotland managed to score one point by the overwhelming win of 8 matches to one over Wales.

Today in the men's International against England at St. Andrews. Scotland has been beaten by 9 matches to 6 and although the analyses of results has not yet appeared one is left wondering about our chances in the Amateur Championship now due.

WATCH THE FRUIT YOUR CHILDREN EAT

Whilst most ripe, sound fruits are good for children there is danger in fruit which is green, over-ripe or damaged, among the least of the evils to be feared from such fruit being acute indigestion, diarrhoea and worms.

When you have reason to suspect that your child has eaten fruit of a doubtful character the best course is to administer a dose of Baby's Own Tablets at once, for these Tablets quickly but gently cleanse the stomach and bowels, and can be given with absolute safety even to the youngest or most delicate infant.

Baby's Own Tablets, the Canadian children's remedy, are also a specific for teething troubles, constipation, colds, and croup. They bring calm, natural, healthgiving sleep and promote regular development. From chemists, or direct and post free at 60 cents the vial from Dr. Williams' Medicine Co., 60 Kiangse Road, Shanghai.

HOPE TO SEE AMERICAN LABOR PARTY FORMED

(*Reuter's American Service*)

Cleveland, July 6.—The British Labor Party has sent greetings and congratulations to the Progressive Conference. The messages are signed by Messrs Cramp, Middleton and Brockway. They express the hope that the Conference will lead to the formation of an American Labor Party and the assertion of its political independence.

(*French Wireless through Reuter*)

Paris, July 6.—The International Labor Conference completed its labors yesterday evening.

The President, M. Branting, having thanked the Director and the personnel of the Bureau for their indefatigable work during three weeks, emphasised the usefulness of this work. The debate on the 8-hour day, he said, would create an epoch in history. This great question formed almost all the work of the conference and was the corner-store of all international social legislation. The other problems of the treaties had made great progress towards realisation of that legislation destined to assure the good of the workers.

M. Aguero, (Cuba), speaking on behalf of the Governmental group, gave an address of thanks and homage to the President and asked the Assembly to rise in honor of the ancient democracy of Switzerland.

In the name of the workers' group, M. Mertens (Belgium) warmly supported the words of the previous speaker. He drew attention to the new atmosphere in which the Conference had been carried on and the new interest of the Governments in international social legislation. He hoped that ratification of the conventions would be voted.

In the name of the employers' group M. Carlier and Thomas then congratulated the conference on the results obtained on four difficult questions. Thanks to difficult questions. Thanks to the collaboration of all, the program had been completed integrally. At the preceding conferences, they had always spoken with tenderness and attention of the International Labor Bureau. "It was quite a small tree in the international garden. They wished to see if it would grow, if it was not too weakly. This time I shall not say that its foliage is already very abundant, but in its shade one has the impression in a continuous manner for international legislation. It is with full confidence that we go to resume our daily task with the superb encouragement which this conference has given us."

The Assistant Director, M. Butler, in his turn gave thanks in a few words. The President then declared the 6th session of the International Labor Congress closed.

(*Reuter's Service*)

Geneva, July 5.—The International Labor Conference today adopted the first reading of the draft International Convention on a weekly 24-hour stoppage of work in glass factories and also approved a proposal that exceptions to the rule should be laid down in the general terms.

The British Government and workers' delegates voted in favor, while the employers' delegates voted against the Convention.

Two reports, those of the majority and the minority, were submitted with regard to the question of night work in bakeries. The employers' delegates voted against the International Convention and a six-hour break during the night, while the workers' delegates held out for the Convention and a seven-hour break at night.

(*Reuter's Service*)

Geneva, July 5.—The International Labor Conference has ended after, inter alia, passing by 73 votes to 15 the first reading of the Convention on the suppression of night work in bakeries, giving a seven-hour break at night. The second reading was postponed until 1925. The prohibition applies to both employees and master-bakers.

The China Press Classifications

Information governing classified advertising

—Write copy plainly, using typewriter when possible.

—Copy will average five words to the line. Initials, abbreviations, characters (like $, Tls., etc.) each count as a word.

—All classified advertising is payable strictly cash in advance, except such firms as have arranged for regular business upon a credit basis.

—The China Press cannot be responsible for any errors in copy after the first insertion.

—All advertisements will be handled under the following classifications:

TELLING THE NEWS WITH PICTURES

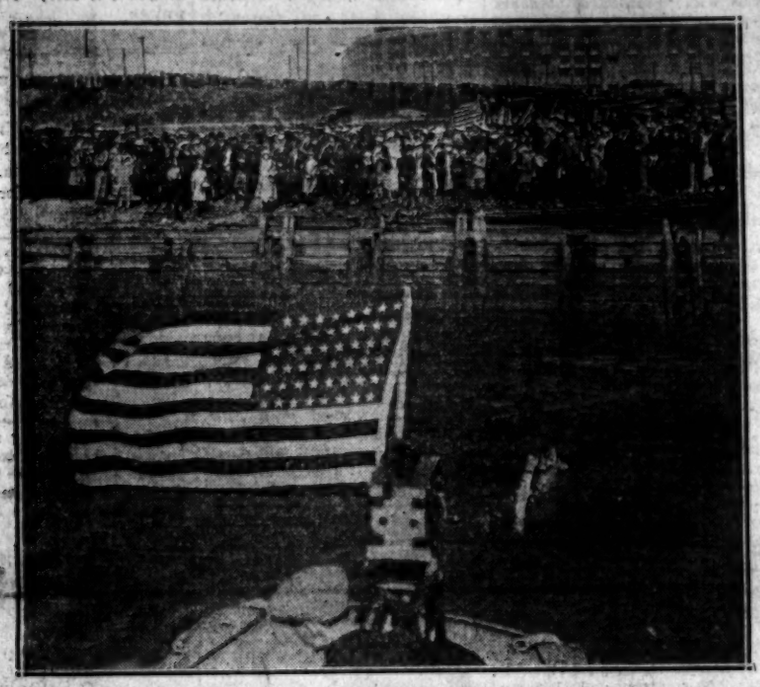
JOY AND GLOOM IN YOSEMITE PARK.—Chief Ranger Townsley registers joy, but "Prunces," baby bear, shows nothing but gloom and indifference. (Int'l Newsreel.)

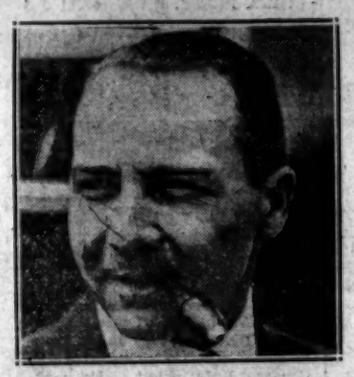
HONOR TO HERO DEAD.—At annual memorial water services to American unknown sailor dead, Mgr. J. P. Chidwick, chaplain of ill-fated U. S. S. Maine, speaks on banks of Harlem River, New York City. (Int'l Newsreel.)

TRAMP, TRAMP, TRAMP.—Celebrating Huguenot-Walloon Netherland tercentenary, three fair young hikers joined throng that made age-old walk from New Rochelle, N. Y., to New York City to attend church services. (Int'l Newsreel.)



AS SANK THE MAINE.—While throngs on shore watched ceremonies, miniature battleship is sunk in Harlem River, New York City, in memory of sailor dead of republic's wars. This photograph was taken as tiny vessel submerged with colors flying.

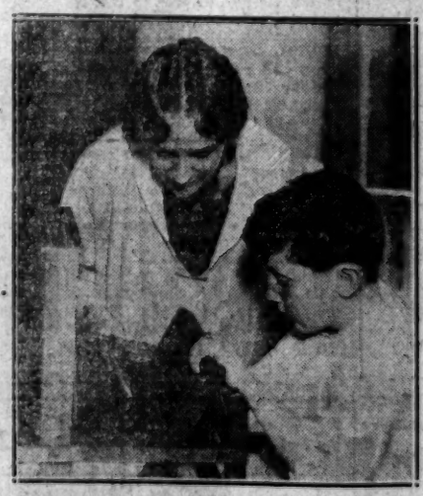
GIRL LAWYER DEFENDS FATHER.—Minnie Goldman (above), Chicago attorney, appeared as counsel for her father, Abraham Goldman, when he was tried in Worcester, Mass., on charge of aiding in wrecking Warren National Bank. (Int'l Newsreel.)



TO RETURN BY AIR.—Capt. Ernest Lehmann leaves New York on liner President Roosevelt to command flight from Germany to United States in new ZR-3, immense dirigible under construction there for navy. (Int'l Newsreel.)

MRS. COOLIDGE PICKS A WINNER.—President's wife is shown decorating "Bally MacShane," blue-ribbon winner in one event of annual horse show at Arlington, Va. (Int'l Newsreel.)

LATEST PHOTOGRAPH of Sir Thomas Lipton, perennial challenger for America's Cup. (Int'l Newsreel.)

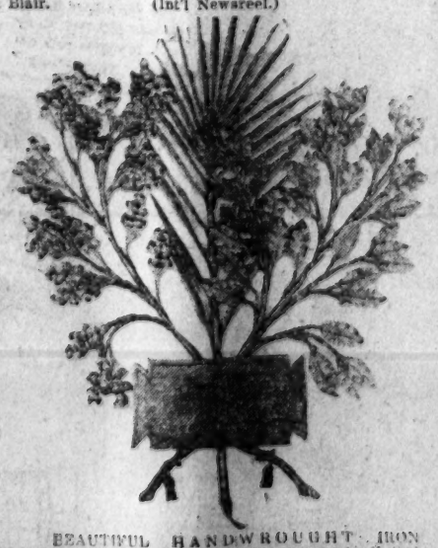


BISHOP'S DAUGHTER AIDS.—Miss Frances Manning, daughter of Bishop William T. Manning, of New York City, is teaching little patient to operate hand loom in new occupational therapy department in St. Luke's Hospital. Movement is novel departure in hospital and welfare work.

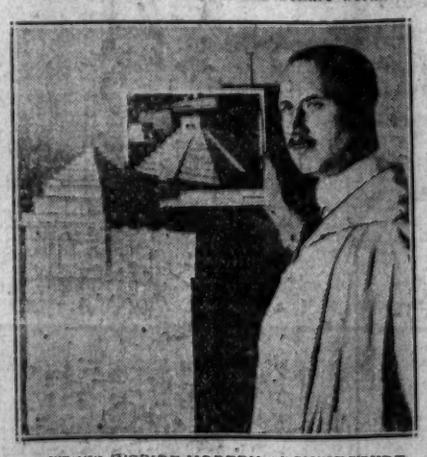
FOR PITY'S SAKE—Mrs. E. P. Dunham is shown tuning up for her part in musical programme at open-air carnival to be held in New York for charity. Truly "music hath charms." (Int'l Newsreel)

WORKING TO MAKE DEMOCRATIC NATIONAL CONVENTION SUCCESS.—Standing, left to right: John J. Hughes, Stanley A. Quinn, Charles A. Greathouse, Walter Moore, Samuel Amidon, Frank Hague, Homer S. Cummings, George White and Norman E. Mack. Seated: Mrs. D. A. McDougall, Cordell Hull, Joseph Day, Thomas L. Chadbourne and Mrs. Emily N. Blair. (Int'l Newsreel.)

FORTY NATIONALISTS AT GENERAL CONFERENCE OF M. E. CHURCH.—Above is part of huge throng in Springfield, Mass., for Methodist Episcopal Church conference, held every four years. More than 850 delegates attended from all sections of globe. (Int'l Newsreel.)



BEAUTIFUL HANDWROUGHT IRON WREATH presented by Italian actors in United States to Eleanora Duse before her death was placed in tragedienne's tomb in her native Italy.



AZTECS INSPIRE MODERN ARCHITECTURE.—Alfred C. Bosson, treasurer of Architectural League of New York and Fellow of Royal Institute of British Architects, is shown here with model of new Liberty Bank of Buffalo, N. Y., which he adapted from ancient pyramid of Jaguar at Chichen-Itza, Mexico. (Int'l Newsreel.)

SPECIAL DAILY FEATURE

FINANCIAL AND TRADE ARTICLE

CHINA LACE PRICES ARE VERY WEAK IN AMERICA

Market Declines Thirty Per Cent In New York City

POOTUNG SUFFERS

Foreign Buyers Complain Makers Use Too Much Acid

Prices have dropped 30 per-cent in the Chinese lace market, according to the statements made yesterday by local lace dealers. The present American demand for lace and all kinds of filet articles is weak. During the buying season last spring there were a few large orders from New York which were booked in China at prices considerably higher than those of the present.

One or two large local dealers who anticipated the present decline delayed their buying until the early summer and were able to take advantage of the low figures. Aside from the general trade depression, there have been other things which have hurt the demand from America. One of them is the practice among Chinese of washing the lace in acid to cleanse and to bleach it. The injury from the acid is not apparent when the lace first arrives, but in a few months it rapidly disintegrates.

AGAINST ACID WASH

Buyers in New York are asking for assurance that the practice of using the acid wash has been abandoned. Also, there is a constant complaint in New York against the low quality of workmanship and the trade is demanding improvement in this line.

The United States is the largest single buyer of Chinese lace. Of a total export of this class of goods from all China in 1922 of Hk. Tls. 5,840,845, America took Hk. Tls. 3,844,832. The exports in 1923 declined to Hk. Tls. 4,111,803 in value.

About four-fifths of the lace exported from China is made in the Shanghai district. Of a total original export of Hk. Tls. 5,963,-853 from various districts in China, including Swatow, the Shanghai total in 1922 was Hk. Tls. 4,133,169. This figure, of course, includes the lace made at Wusih and in the Siccawei district, a few miles from Shanghai, and in the important Pootung lace-making district.

Lace making was started in Pootung about twelve years ago by the Koo family, according to the Chinese Economic Monthly. Mei Yi was the name of the original lace shop. Favorable prices obtained in the early years of the trade caused a rapid expansion in the business until hundreds of women were employed in making laces.

After new companies began to invade the field, a working system came into existence whereby an agent furnished a household a frame, needles, and a certain amount of thread. When work, which was done according to a specified pattern, was finished, it was paid for, and more thread was supplied. There has been a decline from the early prosperity, and skilled workers who formerly received 80 cents a day now receive only 20 to 30 cents.

WHERE NETS ARE MADE

A few years ago the Pootung industry included the making of the net upon which the designs are worked, but nowadays low prices have caused the Pootung workers to leave this work to others. Now the nets are made at Ningpo and at various points in the lower Yangtsze Valley, and shipped to Pootung dealers for distribution. Only the finishing, or figure work, is done in the district across the river from Shanghai.

The reason for the migration of the net-making feature of the trade may be understood from the fact that a few years ago women received 50 to 60 coppers for a net made from a 200-yard spool of thread, while nowadays the same work brings 20 coppers. Companies maintaining a central workshop found it more expensive than to farm out the work to employees living at home. One reason for this change was that food must be furnished, according to Chinese custom, to those working in a central factory.

At the present time all lace in Pootung is made on the farming out system unless it is of the finest and most difficult type, in which case it is still done in factories under the supervision of inspectors. Needle point and shadow, or raised filet, are the two varieties which are made in factories, or central workshops.

Sungala Rubber Estate Pays Five Percent

The ninth annual general meeting of the Sungala Rubber Estate, Ltd., was held yesterday afternoon in the offices of Messrs. Cecil Holliday and Co. The meeting was presided over by Dr. Chadwick T. Kew, who was supported by Messrs. Chang Nieh-yun and A. H. Mancell, directors, and Mr. R. C. Phillips, acting secretary. Shares represented numbered 32,018.

Dr. Kew prepared his remarks by expressing regret that illness prevented Mr. Holliday from occupying the chair and said he knew he expressed the wishes of the meeting in hoping for him a [illegible] recovery. The notice convening the meeting having been read, the acting chairman said:

Gentlemen, the Report and Accounts for the year ended March 21, 1924, having been in your hands for some days I will now, with your permission, follow the usual custom and take them as read.

Your directors have again followed their former policy, and have included in the Report all that they considered it was possible to say about last year's working which leaves me with very little fresh to tell you now.

The Estate has now been assessed at 163,040 lbs. which is an increase of 25,640 lbs. over the old figure allowed for standard production and is the maximum permissible under the revised rules, and this may under the circumstances be considered satisfactory. I may mention that the outputs this year have been:

April ..... 8,922 lbs.

May ..... 8,838 lbs.

(The output for June is not yet to hand).

You will appreciate the fact that the company is again on a dividend-paying basis and that we are able to distribute 5 percent accordingly.

Before putting the first resolution to the meeting if there is any point any shareholder would like elucidated, I shall be pleased to answer his questions to the best of my information and ability.

The following resolutions were then passed:

That the report and statement of accounts as presented be accepted and passed.—Proposed by Dr. C. T. Kew, seconded by Chang Nieh-yun.

That the directors be authorised to pay a dividend of 5 percent on the paid up capital of the company to shareholders on the register at this date. Proposed by Dr. C. T. Kew, seconded by A. H. Mancell.

That the remuneration of the directors be Taels 1,000 for the year ended March 31, 1924. Proposed by Y. K. Zea Shih-vang, seconded by Wao Si-fan.

That Mr. Cecil Holliday, the retiring director, be re-elected a director of the company.—Proposed by Y. K. Zea Shih-vang, seconded by Chen Tsz-fong.

That Messrs. Mortimer Reid and Slee be appointed auditors of the company for the ensuing year at a remuneration of Taels 150.—Proposed by J. Jamieson, seconded by F. O. Madar.

Early Closing Law Is Hit At Carlton, Ltd., Meeting

The "one o'clock closing law" for cafes and its enforcement north and south of the Yangkingpang, was commented upon yesterday at the annual general meeting of the Carlton, Limited, which also reported a deficit for the year of Tls. 43,735—the early closing law being blamed in part as affecting the turnover.

The meeting yesterday was presided over by Mr. G. Grayrigge, in the absence of Mr. Welch. Also present were Mr. W. J. Gande, L. Ladow and E. Bell, and shareholders representing 5,355 shares.

The Chairman's speech follows:

"Gentlemen, our chairman, Mr. Welch, is absent on leave and again the privilege of addressing you today has devolved upon me.

"Our first full year in our beautiful new and stately premises has been one of continued anxieties and hard work but now I am grateful to say the fortunes of this company seem to have turned the corner. The ball room is crowded nightly but I am afraid our patrons have none too much money to spend during these hard times. I dare say I am correct in saying that nowhere in the world or the Far East at any rate, will you get the same continuous and high class entertainment at the price Carlton Limited charges to its guests.

"The continued trade depression and the Early Closing Law combined dealt a heavy blow at the company's turnover, for whereas last year with 9 months in the old premises and 3 months in the new, we took $433,709 this full year in the premises sees us turn over $426,193 only. The one o'clock closing law should either be observed both sides the Yangkingpang or abolished. I am told that it is not observed at all south of the Yangkingpang thus our patrons when Carlton closes at one o'clock simply go elsewhere and spend money that otherwise would be spent with us, which constitutes a severe hardship on this company. I am also told that this company was verbally assured by the City Fathers that no discrimination as to closing or other privileges enjoyed by such institutions either in the French town or in the Chinese territory would be withheld from it.

"Turning to the accounts, I told you last year that the furnishing and decoration of such a large place cost more than was estimated and this year the sum total of our assets is considerably increased but as you may gather from the balance sheet the considerable item of Sundry Creditors discloses the fact that a goodly amount is owed by the company. Our creditors, however, are very obliging and are being paid off in monthly instalments.

"Our bad debts as usual are about half percent on our turnover, which is a very creditable showing.

"After providing Taels 24,857-35 for depreciation, the year's working resulted in a loss of Taels 57,406.09 which after deduction of the profit brought forward from the year previous is reduced to Taels 43,735.48.

"It is too early yet to give any forecast of what the current year is going to do for us but if crowded houses nightly are any criterion this year must be an improvement on the past. One thing I am sure of, and that is if hard work by an enterprising manager—I refer to Mr. Ladow—and his equally keen staff can turn a loss into a profit the future of Carlton, Limited, is secure.

"The company's auditors, Messrs. Lowe, Bingham and Matthews, who have audited the accounts before you, have resigned and you are asked to elect Messrs. Mortimer-Reid and Slee to this position.

"I now beg to propose the first resolution: That the Report and Accounts as presented to shareholders for the financial year ended 31st March, 1924, are hereby adopted and passed.

"This is proposed by myself and seconded by Mr. W. J. Gande.

"Gentlemen, the accounts are in your hands, the resolution is before the meeting and is open to discussion."

The first resolution being passed, the following were also passed:

That Messrs. G. Grayrigge and W. J. Gande be re-elected directors of the company and that the appointment of Mr. Edward Bell as a Director of this company be and hereby is confirmed.—Proposed by A. Ladow, seconded by F. Scarborough.

That Messrs. Mortimer-Reid and Slee be appointed auditors to the company for the ensuing year.—Proposed by E. Bell, seconded by F. Scarborough.

Piece Goods Market

Messrs. Ilbert and Co., Ltd., state in their report dated July 4:

There is so little of interest to comment upon this week that a market report is scarcely warranted except for the purpose of keeping statistics up-to-date. Clearances have been poor and of fresh demand there is practically none, while at the auctions there has been a general lack of interest on the part of buyers resulting from scarcity of orders from the interior.

The weather has so far been very favorable for the autumn crops but it is questionable whether, under present conditions, abundant crops are likely to influence a good demand for imports as was formerly the case when the farmers could realise cash on their crops and invest the proceeds in clothing and other articles freely without fear of molestation.

News from Lancashire is to the effect that makers are showing a stiff attitude towards all offers but masters are apparently not very prosperous there according to a telegram in this morning's newspapers which is to the effect that the position of manufacturers is becoming worse rather than better notwithstanding the "short time" working hours which have now been in force for some time.

According to a telegram received through Reuter's today the condition of the growing crop in America is 71.2 percent of a normal crop, and the condition indicates a crop of 12,144,000 bales.

Grey Shirtings Generally.—We have again to record an exceptionally quiet week with practically no business offering and auction values easier in the absence of demand. Sales have been brought to our notice in 12 lbs. as follows:—Red Cock and Soldier D.D.D. at Tls. 10.50, Soldier No. A.A. at Tls. 10.50.

White Shirtings.—A few small sales are recorded for the River Ports at prices slightly lower than last week. Details made public as follows:—Blue Round Dragon at Tls. 11.75, Mountain Flower No. 1 at Tls. 10.50, Nine Blue Horses at Tls. 10.35, and Monkey in Heaven at Tls. 9.40.

American Sheetings.—We have one sale to report in Vase at Tls. 9.25.

T.-Cloths.—Market steady at last week's quotations.

Local Sheetings.—There are as yet no signs of activity and prices continue purely nominal.

Dyed and Fancy Cottons.—Prices at the auctions have ruled irregular but on the whole slightly lower than last week.

Cotton.—Supplies of local grades are now so small that prices are firm all round and speculators are looking for still higher rates for "spot" cotton, though the Mills are only buying very sparingly. Indian cotton is arriving in moderate quantities and without these shipments there would scarcely be enough to meet even the present small requirements of spinners.

Yarn.—The market is quiet with prices down a few taels per bale all round under pressure of forced sales by some of the mills; there is still practically no demand and clearances continue to be most unsatisfactory.

PREDICT REVIVAL IN STEEL IN THE COMING AUGUST

Production Is Now Only Half The Capacity And May Go Down

Pittsburgh, June 8.—Production in 1923, in gross tons of 2,240 pounds, as now officially reported was: Steel ingots, 43,485,665 tons; steel castings, 1,458,031; rolled iron, 955,597; rolled steel, 32,321,479; total rolled, 33,277,076. In this production were included 2,094,516 tons of rails, 3,075,892 of plates, 2,830,142 of sheets and black plate specialties and 5,552,796 of merchant bars. Among products made from the rolled material were 3,351,023 tons of welded tubular goods, 1,506,861 of tin and terne plate and 1,055,742 of galvanised sheets, 829,604 kegs of cut nails and 17,672,582 of wire nails.

Production in 1923 and in 1917 was substantially the same, the two years being the two largest in the history of the steel trade. In steel ingots, production was one-third of 1 percent less than in 1917, steel castings ran 1 percent greater, rolled steel 3½ percent greater, rolled iron only a trifle over half as much and rolled iron and steel together gained slightly less than 1 percent.

The fact of practical interest is that production ran approximately one-third greater in 1923 than the average of the four post-war years and one-third greater than in 1912 and 1913, the two best tonnage years before the war.

The Iron Age blast furnace report shows production of pig iron in May at 2,615,110 tons, the rate during May being 22 percent under the April rate, while the rate June 1 was 20 percent under the rate May 1. There has been a little further decrease in production in the last fortnight, but no observable decrease—possibly a slight increase—in the volume of steel buying in thirty days or more.

Production of steel ingots is now at somewhat under 50 percent of estimated capacity, or at about one-half the rate of early March. Shipments are in slightly better ratio than production, as some stocks of ingots and semi-finished steel are being liquidated. A rough estimate would be that three-fifths of the current shipments are against current orders and specifications flowing in during the past few weeks and two-fifths against old business, chiefly in rails, freight car and structural material and tin plate. These lines constituted practically the only backing the steel producers had when general buying began to fall off sharply about three months ago.

No doubt, all buyers of steel have their personal interests in the political conventions about to be held, but their purchases are dictated by the more practical considerations of what stock they still have and what their requirements are. Some buyers are already ordering more freely, through stocks being exhausted or having become poorly assorted, and from week to week others will reach this stage.

There will be no forward buying or withholding of forward buying, for nothing the political conventions can do will affect the celerity with which the steel mills can fill orders when and as received. It is not necessary to buy ahead to insure delivery, while as to prices, advances are not looked for and there is always the chance of declines. All the mills are trying, more or less, to hold prices, but the average mill can hardly be expected to refrain from meeting cut prices when clearly established.

The rate of steel buying has been so far below the rate of steel consumption for such a length of time that an early increase in buying is reasonably to be expected. Those who recall the old tradition that July is the dullest month of the year in steel should note that the precedent was broken in 1921; there was a marked increase in activity in July of that year, whereby mill operations increased even before the end of the month.

While an improvement in steel is not commonly looked for before August or September, the most familiar performance of steel is to disappoint predictions. Meanwhile steel production will continue to decrease, and a 40 percent rate or even less may easily develop in the next few weeks.

Prices of finished steel products have held rather well for three weeks past, or since wire products became openly quotable at $2 a ton below the old prices. Bars, shapes and plates have grown still easier in the East, while the Pittsburgh market holds fairly well, with an almost continually decreasing area of control. Mill prices of merchant pipe and oil country goods are firmly maintained on the basis of lists of April 1923.

Provision Prices In Local Market

CHINA PRESS, Incorporated, Delaware, Publishers

A Summary Of The Republican Platform

THE American papers for June 12 bring the complete text of the platform adopted at the Republican Convention in Cleveland, Ohio, on June 11 and upon which President Coolidge and General Charles G. Dawes, candidates for President and Vice-President, respectively, go before the American people in the national political campaign now in progress. A summary of the platform follows:—

1.—Indorses work of former President Harding and refers especially to his efforts in behalf of world peace as exemplified in the Washington Conference on Limitation of Armament and Pacific Far Eastern Questions.

2.—*Situation in 1912.*—When Republicans came into power there were 4,500,000 unemployed. Today business is active and unemployment is negligible.

3.—*Public Economy.*—Economies have been effected in Government to the general effect that tax burdens have been relieved to the extent of G.$1,250,000,000.

4.—*Finance and Taxation.*—Public debt reduced G.$2,432,000,000; Government budget system introduced which has reduced public expenditures from G.$5,500,000,000 a year to G.$3,400,000,000; G.$7,500,000,000 of public obligations either paid off or refunded; Party favors further tax reductions.

5.—Favors complete reorganisation of Executive Departments and Bureaus.

6.—*Civil Service.*—Favors putting all postmasters under civil service and also all prohibition enforcement officers.

7.—*Foreign Relations.*—Indorses Permanent Court International Justice and favors American adherence in accordance with recommendation of President Coolidge; reaffirms refusal of America to join League of Nations or to assume any obligations under League Covenant; supports work of Dawes Commission and favors this form of American co-operation in solving world problems which provides co-operation without infringing American independence; lauds work of Washington Conference which "assured a new, broader and better understanding in Far East and brought assurance of peace in region of Pacific and formally adopted policy of Open Door for trade and commerce in great markets of Far East;" favors further conference on limitation of land armament, use of submarines and poison gas in warfare; concluded treaty of peace with Germany which safeguarded American rights without derogating those of America's former associates in European War; also made more than 50 treaties and agreements in furtherance of peace and good will; helped in settlement of long-standing dispute between Chile and Peru and helped in negotiation of arbitration treaty signed by sixteen republics of New World; adjusted differences with Mexico; co-operated in humanitarian work of League of Nations such as traffic in women and children, suppression of narcotic drugs, sale of arms, matters affecting public health and morals.

8.—*Foreign Debts.*—Announces refusal to consider cancellation of foreign debts and holds out as model terms of settlement of debt with Great Britain amounting to G.$4,500,000,000. Makes emphatic statement, "Great nations cannot recognise or admit principle of repudiation. To do so would undermine integrity essential for international trade, commerce and credit." Thirty-five per cent. of total foreign debt due to America now in process of liquidation.

9.—*Tariff.*—Reaffirms belief in protective tariff policy as protection to American labor with due and equal regard to agriculture and industries; favors continuance of elastic provisions in present Tariff Law which permits adjustments to meet varying conditions of world trade.

10.—*Agriculture.*—Recognises existence of national problem in respect to condition of farmers; favors lower freight rates and legal help in forming co-operative organisations of farmers; points to Government assistance in formation of G.$100,000,000 corporation for aiding farmers of Northwest and revival of credit of G.$300,000,000 to War Finance Corporation to help in marketing of agricultural products.

11.—*Mining Industry*—Pledges continuance of effort to relieve this industry from adverse conditions following close of European War.

12.—*Highways.*—Favors continuance of Federal aid in co-operation with States in developing of national highway system.

13.—*Labor.*—Recommends to Congress of enactment and submission to States of amendment to Constitution of prohibition of child labor; improvement of conditions surrounding labor of women in industries; favors complete elimination of seven-day, twelve-hour work week; favors broader system of vocational education.

14.—*Railroads.*—Favors consolidation of railways into fewer competitive systems and scientific readjustment of rates with view of helping agriculture and industries without impairing service of railroads.

15.—*Government Control.*—Prosperity of nation depends upon private initiative and stands against policy of putting Government into business to compete with private industry.

16.—*Coal.*—Favors authorisation of President to form commission to mediate between owners and employes; in event of strike, Government should intervene to prevent profiteering.

17.—*Merchant Marine.*—Stands for strong and permanent merchant marine owned by Americans, built by Americans and manned by Americans; merchant marine now owned by Government should be kept at highest efficiency until finally may be sold to American citizens.

18.—*Inland Waterways*—Favors construction of water-ways from Great Lakes to Atlantic and to Gulf of Mexico; favors development of water power under federal supervision to preserve initiative of people but protect public interests.

19.—*World War Veterans*—Points to construction of hospitals for disabled and appropriation of G. $1,100,000,000 for care of disabled veterans.

20.—*Conservation of Public Resources*—Favors development as needed of public resources of timber, coal and water-power and favors continuance of conservation policies inaugurated by Roosevelt.

21.—*Education and Relief*—Favors creation of Cabinet post of Education and Relief and thorough study of conservation of human resources.

22.—*Universal Mobilisation*—In case of future war, favors mobilisation of national resources, stabilisation of prices of essential commodities.

23.—*Immigration and Naturalisation*—Supports recent Immigration Legislation and favors adoption of methods of helpful influence and education upon foreign-born residents.

24.—*Hawaii and Alaska*—Favors continuance of territorial status of Hawaii and favors constructive development of Alaska.

25.—*Philippines*—Reaffirms duty toward Filipino people as American national obligation and states, "If time comes when it is evident to Congress that independence would be better for the people of Philippines with respect to both their domestic concerns and their status in the world, and the Filipino people then desire complete independence, the American Government will gladly accord it. A careful study of the conditions in the Philippine Islands has convinced us that the time for such action has not yet arrived."

26.—*Reclamation*—Favors federal reclamation of arid and semi-arid lands and administration of benefits to farmers immediately and whole people ultimately.

27.—*Commercial Aviation*—Favors enactment of legislation which will tend to promote commercial aviation.

28.—*Army and Navy*—Must be no further weakening of army and favors legislation calculated to round out navy so as to keep American standard up to 5:5:3 ratio adopted at Washington Conference.

29.—*The Negro*—Favors enactment by Congress of anti-lynching legislation and favors creation of commission to investigate social and economic conditions and promotion of mutual understanding and confidence.

30.—*Orderly Government*—Condemns corruption in public office, demands prosecution of those found guilty in recent Congressional investigation through speedy trial in regular courts, but upholds honesty generally of thousands of office holders in employ of Government.

31.—*Law and Order*—Declares for respect for law, observance of law, and enforcement of law; pledges Government to strict maintenence of principles by enforcement of Constitution and of all laws.

32.—*Women Voters and Delegates*—Extends greetings and welcome to women delegates who present at National Convention for first time in history of nation.

33.—*Party Responsibility*—Appeals for election of Republican Congress as well as Executives in order responsibility of party may be exercised in carrying out of program which Republican Party presents and pledges itself to fulfil.

Devils And Giant Centipedes

A Few weeks ago, local newspaper scribes were unanimous in solemnly asserting that it rained snakes along the Bund foreshore one fine Sunday night. Then there is also the story of the alligator which was seen riding in state in a ricsha along Szechuen Road, while it is also on record that a local notability, on one occasion, beheld trees in motion on Yates Road, while another Shanghai worthy is said to have seen the hour and minute hands of the Race Club's clock rushing round the dial with extraordinary speed as though they were bent upon chasing each other. Whether the above stories are products of perfervid imaginations or whether the tales correspond with realities we have no means of determining, but we do know that these highly interesting narratives have at one time or other graced the columns of local newspapers, and, like the celebrated bar of a leading local club, which all the world knows is the longest in the universe, have helped to win fame and distinction for this Model Settlement.

As if not to be outdone by Shanghai, our southern neighbor, Hongkong, and Kowloon, which is just across the water, are providing the papers there with delightful material quite in keeping with the silly season. The village of San Tin, in the New Territories, is all agog with excitement, owing to the appearance of a number of devils amongst them, according to a woman's report. The other night, a villager, the wife of a farmer, went to sleep in the house as usual, but when she awoke at two o'clock in the morning, she found herself lying on a pile of firewood on a path by the side of a paddy field, outside the village limits. She tells the story of how a number of devils, who had no chins to their faces and no hands to their arms, had come to her in the night, had roughly handled her and then proceeded to carry her out of the house, finally depositing her on the pile of wood where she awoke. At the spot where the woman found herself, the ground is quite soft, but no footmarks can be found. Her husband, who must have slept soundly, for he was not disturbed, found in the morning that he had a cut on his nose and he does not know how or when he received it. The whole affair is a deep mystery. Seeing that the devils had no hands, it is naturally being asked how they could have managed to carry off the woman. Well, they must have been devils to have succeeded, is the laconic explanation of a Hongkong contemporary, and, as stated above, the village is "agog with excitement."

A yet more enthralling story comes from Kowloon and relates to the reported capture of a giant centipede. How big does a centipede grow? Those persons whose knowledge of this creature of many legs does not extend beyond the species found in temperate zones will probably reply: "Only a few inches." But those who have lived for some time in tropic lands will have seen, or heard of, centipedes eight inches or more in length. *Scolopendra gigas*, as its name implies, is the giant of all the centipede genera and species, and attains a length of no fewer than a dozen inches. It is found in the warm regions of Asia, and residents in the Far East will be interested to know that one of these gigantic representatives of the tribe has been captured in the heart of Kowloon's residential area—whether a native of the place, or brought originally in timber from farther south, cannot yet be said.

The other night, Mr. J. Gibson, of Messrs. A. S. Watson and Company's Dispensary in Kowloon, heard what he took to be mice scampering along the floor of a room over the dispensary, where workmen have recently been carrying out certain repairs. Mr. Gibson investigated, and found a huge centipede crossing the room. Anxious not to damage it, he looked around for some means of capturing it alive. His eye lighted on a soup-plate, and, at some risk to himself, he placed the plate over the creature and had it imprisoned. Going down to the dispensary, he procured some chloroform, and poured a small pool of the drug on the floor beside the plate. Manoeuvring this, he drew it over the chloroform, with the centipede still underneath, and the anaesthetic put the quietus on the struggling *Scolopendra*.

The centipede now reposes in a bottle of alcohol, in the dispensary, and although it has shrunk slightly through immersion in the spirit, it is still over ten inches in length. When alive, Mr. Gibson estimates, it must have been quite a foot long. This monster centipede has two wicked-looking calliper jaws, and twenty-three pairs of legs. (Imagine the utter despair of parents in these hard times if they had to provide as many pairs of shoes to their offspring if the latter were blessed with an equal number of legs).

The term "centipede" is misleading, for these creatures have a varying number of legs, ranging from fifteen pairs in some species to one hundred and seventy-three pairs in others. The allied "millipedes" are all not necessarily blessed with a thousand feet.

To strike a more serious note, it may be pointed out that the bite of most tropical species of centipedes, such as *Scolopendra*, is painful, and, in certain circumstances, even dangerous. Some kinds of centipedes are harmless, like the slender, phosphorescent ones seen on walls and sometimes erroneously termed "earwigs" under the impression that they creep into a sleeper's ears. Centipedes are related to insects, but (with millipedes) belong to a class by themselves, the *Myriapoda*, which is a self-erplanatory term. They lurk beneath stones, or in dark places in houses, and come forth at night in search of small insects.

Nothing Kills Like Ridicule

LORD Birkenhead waxes sarcastic in the London *Times* over Mr. Grindell Matthews' claims to have discovered a ray which would deal not only death and disaster but do various other things of an extraordinary nature. On the principle, no doubt, that nothing kills like ridicule. Lord Birkenhead says:

"When one reads of all the powers attributed to this remarkable Ray (writes Lord Birkenhead) one becomes lost in admiration of the diverse genius of its inventor. Not only is it said to destroy life, set fire to anything inflammable, wreck aircraft, stop motor-cars at a distance of 58 miles, and explode ammunition or other explosives, it is even claimed that it will cure cancer and detect submarines. It is sublime to think of this death-dealing weapon turning aside from its special lethiferous task to cure the sick; to realise the delicate adjustment of means to ends which enables it to set fire to anything imflammable and yet arrest the magneto in a car without igniting the petrol. It is aiso a poignant reflection that all these incredible benefits are denied to an unworthy country because its purblind authorities refuse to put a considerable sum at the inventor's disposal. This gentleman must indeed deplore the publicity, which even his reticence has been unable entirely to avoid, now alas! surrounding a discovery too confidential apparently to be set forth even in a secret patent."

As for the danger of Mr. Grindell Matthews selling his discovery to France, Lord Birkenhead suggests that Britain may "rely sufficiently upon the admirable frugality of our friends across the Channel to make it certain that they are not likely to increase very largely the offer (whatever it may be) which our experts have made."

Our Literary Column

EXCERPTS FROM GREAT WRITERS

By Mathy

THE MASTER'S HAND

"Pictures and Other Passages From Henry James" is a slim volume of selections from the writing of Henry James.

Henry James had the reputation of being very hard to read, very obscure, and very high-brow.

He is. But it all depends on what you want. If it's a story, read Conan Doyle. If it's fun, read Mark Twain. If it's preaching, read F. W. Robertson. If it's fact, go to the encyclopedia.

But if you enjoy the witchery of sheer words, if you love a literary style as exquisite as Benvenuto's style in metal, and above all, if you are a young writer and want to study one whose writings are the top of ingenious perfection, give hours of slow Fletcherizing to Henry James.

The little book before us ought to be every aspiring author's bedside book, to be picked up now and then, and to be read slowly as a child hunts and eats strawberries from a patch, and re-read meditatively as a cow ruminates.

Just to show you the master's hand I will set down here a few of his subtle word combinations. Do you know anywhere in literature you can overmatch them?

"The air was like a clap of hands—."

"There was a household quietness in her step and gestures."

"There was something in his quick, brown eye that showed you he was not economizing consciousness."

New York, "the youngest, and easiest, and most goodhumored of capitals."

A graveyard where "the very headstones themselves seemed to sleep as they slanted into the grass."

"Everything in France is a picture—even things that are ugly."

"Her high-held, much-rubbed hands seemed always assenting exuberantly to something unsaid."

The villa "stood on the summit of an olive-muffled hill."

"A large, bright, dull murmurous, mild-eyed, middle-aged dinner."

"Across the level of a meadow a footpath wandered like a streak drawn by a finger over the surface of a stuff."

"Her spell sprang not from her beauty. She exercised the magnificent power of making her lover forget her face."

"Having hustled all sensibility out of their lives, they invented the fiction that they felt too much to utter."

"So frank yet so mysterious! Observing her, he seemed to see the vague circle which sometimes accompanies the partly filled disk of the moon."

"In her, fate had found an adversary and not a victim."

"The extraordinary fineness of her flexible waist, the stem of an expanded flower."

"Though she was not tall, she appeared to spring up."

"Her thin-lipped smile, as prompt to act as the scrape of a safety-match."

"A witty expression that shone like a lamp through the ground-glass of her good breeding."

"She was as undomestic as a shop-front."

"There was something public in her eye, which was large, cold, and quiet—"

"A robust, unmodulated person."

"She felt in italics and thought in capitals."

"He would have been ugly, had he not been happy."

"He had fatally stamped himself as a man who could be interrupted with impunity."

"Thin lips, curving like scorched paper."

All of which illustrates what I mean when I say, if you would be a word-smith, and aspire to excellence, give your days and nights to Henry James.

Correspondence

A CASE FOR THE POLICE

Editor, THE CHINA PRESS

Sir:—In the alley named "Chien Shan Li" on the corner of Gordon and Avenue Roads, there are some respectable families living. But lately, owing to the negligence or connivance on the part of the landlord, who is a Chinaman, hundreds of very big packages covered with straw or matting are allowed to be stored nearly in all directions of the small and narrow passages of the said place, making it not only impossible to walk safely when it is dark, but also most dangerous if anyone carelessly throw a cigarette or match on these packages.

Whatever the contents of so many packages are, why the persons concerned not store them in a proper godown.

For public benefit, I beg to suggest that the police of that locality should visit the place in question, get particulars from the landlord and warn those persons not to store these things there. If anyone who refuses to do so, he should be brought to the Mixed Court and prosecuted.

Thanking you for inserting this appeal in your valuable paper. Enclosing my card.

SPECTATOR.

THINGS MUNICIPAL

Dear Sir:—I have been very much interested in certain letters which have appeared in "L'Echo de Chine" of June 27 and 28 under the caption of "Municipal affairs," in which considerable light is shed on prevailing conditions in the French Concession. Many of us do not read French, but as ratepayers, we are entitled to know of matters of high interest in the Concession. There must be a number of foreigners here who do not read the French paper, and I feel sure a translation of the contributions referred to would be greatly appreciated by others besides.

READER.

REFUGEE RELIEF

Dear Sir:—I beg to hand you herewith our subscription list brought up to date together with memo of June disbursements. 17,824 meals were served at the Soup Kitchen during the month.

STUDEBAKER

Dependable 6-Cylinder Motor Cars

Adjustment *as against* replacement!

THERE are few makes of cars, regardless of price, that equal Studebaker in the use of Timken bearings.

The advantage of this type of bearing is its long life and adjustability. When other types of bearings are subjected to wear, they must be replaced—at no small cost to the owner. When wear takes place in Timken bearings, they can be adjusted.

Using bearing equipment which will give maximum satisfaction at minimum cost is typical of the policies that have guided the manufacture of Studebaker products for 72 years.

The Timken Tapered Roller Bearing is subject to minimum replacement because it is adjustable to wear. There are instances where Studebaker cars have been driven 250,000 miles and over and still have their original bearings. The Studebaker Light-Six Touring Car illustrated below carries 14 Timken bearings—an unusual number.

MEN AND WOMEN IN NEWS OF THE DAY.

Above: MRS. HARRY JACKSON & GEORGE W. OLVANY.
Below: LORA SONDERSON & EDITH KELLY GOULD.

Edith Kelly, former American dancer, lost her fight for half the $40,000,000 estate of Frank Gould, her former husband, courts in Versailles, France, holding they had no jurisdiction because Gould's legal residence is in America. Mrs. Harry Jackson, daughter of a Los Angeles, Cal., man, is under arrest in New York, charged with being the accomplice of her husband, Harry Jackson, alias Lesser, in robbing Mrs. Howard Johnson, wife of the musical comedy writer, of $9,000 worth of diamonds after they had lured her to a New York City hotel. Judge George W. Olvany, of New York, is said to be slated to be leader of Tammany Hall, following Surrogate James Foley's sudden refusal to accept the place made vacant by the death of Charles Francis Murphy. After she had been lured from her New York apartment by a fake telephone call that her husband was seriously ill, thieves entered it and stole $30,000 worth of jewels from Lora Sonderson, noted actress.

Property Sales Arouse Protests

(Reuter's Pacific Service)

Tsingtao, July 2.—A hue and cry has been raised over the advertised sale of public properties by the Kiaochow Territorial Administration. The Shantung Provincial Assembly has taken up the cudgels against the move and threatens to serve an injunction on the local authorities. The vernacular newspapers have also taken up the fight and threaten united court action if the plan is carried out. They contend that the Administration should retain the property until the market is higher. The Administration state that many of the buildings are in poor condition and their renovation would entail the expenditure of several hundred thousand dollars and such an outlay is not justified. There are over two hundred buildings and residences advertised for sale.
